Dear Dr. Michelov,

Hello. This is [redacted]

I want to let you know, if you haven't already heard, that my mom passed away in mid-March — peacefully, at home, 3 weeks after celebrating her 101st birthday.

Mom had lived a full life and had enjoyed herself to the very end. That included going to her farm just about every day up through January, where she drove the golf cart and picked up ~~up~~ sticks.

On behalf of my mom and all our family, I want to express our thanks for all that you did to help her stay healthy, active, and enjoying her quality of life. Mom was especially appreciative of the care that you and your staff provided to her. We thought that you would want to know that.

Gratefully [redacted]

P.S. — Thought you would enjoy these photos.
