

## Fish Farming in the DPRK

In the Democratic People's Republic of Korea there are many fish farms that raise fishes of good species like sturgeon. Ryongjong Fish Farm is one of them.

## ***Sinsollo*: A Masterpiece of Korean Traditional Dishes**

As it is prepared by boiling the rare materials in the mountains, fields and seas, this dish makes it possible to taste every touch of delicacies. *Sinsollo* was originally the name of a cooking brazier, but with the passage of time it has turned into the name of a dish.

## Brassware of the DPRK

As a kind of copper alloy, brass is a material that is excellent for making handicraft and promoting human health.

These are pieces of brassware produced in the Democratic People's Republic of Korea which were highly appreciated at fairs and exhibitions held in various countries in Asia and Europe.
