The respected Comrade **Kim Jong Un** showed imposing appearance standing in front of the launching vehicle of the ICBM Hwasongpho-17, taking brisk strides with the members who made a contribution to its successful launch and he left the picture to be remained long in history raising his fists with the lovely soldiers.

Today's glory was brought about by all the hardships of the respected Comrade **Kim Jong Un**. However, he brought all glories to our people saying that such an eye-opening development of the Juche-oriented defense capabilities is unthinkable apart from the trust and fervent love for country of all the people.
