The most important exploit of Great Leader His Excellency Kim Jong Il was the defence of his socialist Korea despite the escalating moves of the hostile forces to isolate and stifle DPRK.

He visited the Seoul Ryu Kyong Su Guards 105th Tank Division of the Korean People's Army (KPA) on August 25, Juche 49 (1960). His visit was a historic day and an event of weighty significance. This day marks a historic milestone in the building of the revolutionary armed forces of the DPRK. It was a meaningful declaration on how the person responsible for leading the DPRK would guide the country and its people by regarding what his motto was.

He inspected many units of the KPA till the last moments of his life since then.

He trained the KPA to be the matchless army and consolidated the military muscle of the country in every way, providing a sure guarantee for the victory of the socialist cause.

Thanks to his Songun Politics, the DPRK could have powerful means of attack and defense to stand up to any invasion by the outside forces.

No one can now treat the DPRK lightly.

Thanks to DPRK's reliable and effective self-defensive nuclear deterrent, there will be no more war on the Korean peninsula, and the security and future of the DPRK are guaranteed for all time.

I am sure that the Korean people will certainly accomplish the great idea and cause of President Kim Il Sung and Leader Kim Jong Il under the wise leadership of Supreme Leader H.E. Kim Jong Un.
