My Dear Comrade

Warm felicitations and heartfelt greetings on this great auspicious occasion, the day the glorious Workers' Party of Korea (WPK) founded by President Kim Il Sung, this day will ever be remembered in the history of the world politics as an epoch making and historic day, reminding us the heroic struggle of the Korean people against the new colonist, imperialist and their lackeys.

The Korean revolution has overcome a lot of hardship and trials for almost a hundred years since that day finally turning DPRK into a independent self-supporting and self-defensive invincible power. For the last 75 years, the Korean people under the leadership of WPK has made brilliant achievements in its struggle to build a thriving socialist powerful nation where people could make all their dreams and ideals into a reality.

The world progressive people sharing the achievements made by the Korean people as their own and rendering strong support to them.

I extend my gratitude to the ARIJI who has organized the regional e-seminar on this significant day.

The 75th founding anniversary day of the WPK is a day of meaningful celebration, not for the Korean people but the world people aspiring for peace and justice. This great day inspires us to fight and struggle for the betterment of life of the have-nots, the deprived and downtrodden. To live is one thing, to live a decent life with honor and dignity is quite another. Without improving the quality of life, no leadership can succeed; no nation can survive. The great leaders and great Korean people have done miracles and have transformed the Korean society under the banner of the great Juche idea propounded by President Kim Il Sung and further developed and enriched by great leader Comrade Kim Jong Il. This idea has shown us the path to peace, prosperity, glory and justice for all.

The guiding ideology of WPK is Kimilsungism-Kimjongilism. The Juche idea presented, the man-centered philosophical thought for the first time in the history of human thinking and raised and solved all philosophical relation with man. It set man as the master and dominator of the world not as the simple part of the world and put forth a world outlook by relating it with man.

The Juche idea also established the viewpoint and attitude of giving precedence to the interest and role of man in all thinking and activities. The man-centered view point and attitude to the world means approaching the world from the interest of man, master of the world and dealing with the change and development of the world mainly on the basis of the activity of man who transformed it.

The starting point of the idea is that the main agent in the revolution is the people and each nation must be responsible for its revolution and rely of the strength of its people to resolve all the problems arising in the revolution independently and creatively. Its validity has been proved in practice of the Korean revolution and the idea began the steadfast guiding ideology in the protected course of struggle.

The great leader Comrade Kim Jong Il had dedicated himself to develop the Juche idea as the guiding ideology of the WPK in the course of leading the revolution and construction.

The WPK has been able to make a victorious advance without the slightest vacillations. It has been strictly adhered to guiding principles of the Juche idea in ideology independent in politics, self-sustained in economy and self-reliant in defense.

Today the WPK is developing into the party of President Kim Sung and Comrade Kim Jong Il holding them as its eternal leaders and dignified and prestigious party enjoying support and trust of the world progressive people.

The great leader Comrade Kim Jong Il was an outstanding leader who added glory to the WPK as the party of Kim Il Sung.

The Guiding Ideology of the WPK is the Great Kimilsungism-Kimjongilism, it is a glorious Kimilsungist-Kimjongilist Party whose guiding ideology is Kimilsungism-Kimjongilism and which struggles for its realization.

After formulating the President's revolutionary ideas as Kimilsungism, he led the efforts to model the whole party on Kimilsungism and made it assume the perfect looks as the party of leader.

Today under the judicious guidance of respected supreme leader Marshall Kim Jong Un developed the PWK into the Party of Kim Il Sung and Kim Jong Il and defined Kimilsungism-Kimjongilism as the guiding ideology of the Party and revolution and promulgated it as supreme program of the idea imbue the whole society with KimIlSungism-KimJongIlism in order to make its character more pronounced.

Supreme leader Marshall Kim Jong Un said "Kimilsungism-Kimjongilism is an integral system of the idea, theory, method of Juche and a great revolutionary ideology representative of the Juche era, guided by Kimilsungism-Kimjongilism".

Today thanks to having Comrade Kim Jong Un chairman of the WPK in high esteem, the WPK can maintain its own revolutionary nature as the Party of Kimilsungism-Kimjongilism and a mother party which gives top priority to the people's demand and interest and regards them absolute holding fast to the people's first principle. It also is now guiding the popular masses in full confidence and strategies and tactics for building the socialism.

Once again, I congratulate ARIJI for holding the seminar and success of the seminar.

In the end, I wholeheartedly and sincerely wish a long life in good health to Marshall Kim Jong Un for the ultimate victory of the Korean revolution.

Long live glorious and iron-willed Workers' Party of Korea.

Thankyou.
