The plenary meeting discussed the first agenda item "On review of the implementation of major Party and state policies in 2022 and the work plan for 2023".

Kim Jong Un made a report on the first agenda item.

In his report he appreciated the successes made in 2022 in which our Party and people have made steady and powerful progress while waging an arduous struggle in firm unity.

The remarkable successes and progress have been made in the activities of our Party and its self-strengthening.

The Party Central Committee directed the general orientation of the Party activities to the thorough implementation of the decisions of the Fourth and Fifth plenary meetings of the Eighth Party Central Committee, and powerfully led the whole Party and all the people to continuous

advance and development with its leading and superb leadership practice in the face of the sudden and severe changes in internal and external situation. It also further refined its leadership ability by thoroughly maintaining its leadership traits of responding courageously and promptly, and developed the united might of the revolutionary ranks onto a remarkably high level.

Substantial measures were taken to reinforce the key links in strengthening the Party work throughout the Party and a theory of party building in the new era guaranteeing the eternal future of the Party was established, providing a powerful weapon for the rosy development of the Party.

The settlement of the historic task of making the world clearly recognize the strategic position of the DPRK to provide an eternal security through the official legalization of the DPRK's policy on its nuclear force at the most appropriate and crucial time--this is a demonstration of the transparent stand of independence and the idea of self-defence of the WPK, which has greater significance than any political event in the view of steering the change of the world political structure and in the view of putting the track of the development of the state on a new high level.

The report analyzed and evaluated the dramatic changes made in developing the defence capabilities and in the struggle against the enemy.

It is the great pride of the Party, the DPRK government and the people to make the DPRK's great power more certain and build up powerful and matchless military muscle by making a strenuous struggle for bolstering up the defence capabilities.

The basic principle of defending the national interests and raising the national prestige of the WPK was successfully implemented despite the trend of the eventful and changeful international political situation, thus dealing a severe blow at the U.S. imperialists' high-handed and arbitrary practices and policy toward the DPRK in line with the Party's strategic plan and resolution.

The report referred to the remarkable progress made in the economic construction and cultural construction in the year 2022.

Splendid successes symbolizing the struggle of the year 2022 have been made in the construction of the Hwasong and Ryonpho areas, which were the most important tasks in the field of construction, and projects of great significance in economic growth and improvement of the people's living standard were inaugurated.

The drive for implementing the new programme for rural revolution started dynamically, model houses representing the new era of rural development were built in cities and counties across the country and a positive drive was launched to improve economic management and raise the country's ability to cope with crisis and the country's level of civilization.

2022 was a time which was by no means meaningless and we have made clear advance, the General Secretary said, adding that certain successes made in all the work of the Party and state are a praiseworthy victory won only by our great people who have displayed the spirit of self-reliance and fortitude and the creativity while stoutly enduring the grave national crises, and the immortal feats to shine long in the history of the country forever.

He extended warm thanks to all the Party members and other people across the country on behalf of the Party Central Committee for having firmly defended and implemented the Party policies with the most powerful and courageous struggle unprecedented in history, thus demonstrating the honor, dignity and prestige of the state before the whole world and glorifying the year 2022 as a year of an important milestone in opening a new surging phase of our revolution.

Saying that 2023, which is to carry out the tasks of the third year of key significance in implementing the five-year plan set forth at the Eighth Congress of the Party and mark the 70th anniversary of the victory in the Fatherland Liberation War and the 75th founding anniversary of the Republic, is an important year in the course of our socialist development and the history of the DPRK, he set it as the general direction of new year's work to further expand and develop the all-people struggle to open a new phase in socialist construction so as to lay a decisive guarantee for the fulfillment of the five-year plan.

He stressed the need to turn the year 2023 into a year of great turn and change to be remarkably recorded in the course of development of the DPRK by redoubling the fighting spirit displayed in 2022 and making all efforts to attain this year's goal and fulfill the new long-term tasks.

The General Secretary indicated all the tasks for ensuring stable development of the national economy and bringing about a substantial change in the improvement of the people's living standard.

The report defined the year 2023, which faces the higher goals and huge tasks for accomplishing the five-year plan for national economic development, as a year of making a big stride in the development of the national economy, a year of attaining key goals in increasing production, carrying out the strategy of readjustment and reinforcement and improving the people's living standard, and set it as the main task of economic work to mainly complete the plan for readjustment and reinforcement decided by the Party Congress while pepping up production in all sectors and units.

The General Secretary said that the WPK has made strenuous efforts to thoroughly embody the idea of self-sustenance laid down by President **Kim Il Sung** and eliminate defeatism and mysticism in technology in the whole course of socialist construction since the foundation of the state. He reprimanded that however, the tendency of such old idea still remains among some economic officials as incurable and indigenous diseases with clever disguise.

The plenary meeting dealt a resolute and heavy blow to the outdated idea of trying to bargain the principle of self-reliance, not abandoning dependence on the technology of others, and recognized that it is necessary to continue the struggle to wipe out all the remnants of wrong ideas which are obstructing our work under the pretense of objective circumstances.

The General Secretary ardently and militantly called upon the workers, scientists and technicians of core sectors for the successful development of the national economy to overcome the difficulties of the revolution by their own efforts, holding high the fighting spirit and banner of the 1960s and 70s once again.

The report set as the main targets the economic indices and 12 major goals to be attained by all sectors of the national economy in the new year and specified the ways for attaining them. It stressed the need to focus the operation and guidance on making the implementation of this year's plan lead to the implementation of the medium- and long-term strategy for economic development.

Setting it as the first major policy task to build more dwelling houses, a revolution that brings about epochal changes and a project greatly favored by the people, the report stressed the need to build a new street composing of 3 700 flats along with the construction of 10 000 flats of the second stage in the Hwasong area by building up the capital city in a bolder way in the third year of the construction of 50 000 flats in Pyongyang City. It also stressed the need to direct greater efforts to the construction of rural dwelling houses on the basis of the experience accumulated in the year 2022.

The report raised it as a policy task to bring about a substantial change in the people's living which the Party attaches most importance to and is pushing forward with much effort, and detailed the important tasks and ways to which the agricultural sector should give priority.

It called for finding a realistic and rational work system and method and unconditionally carrying them out in light industry, regional industry, public service, fishery, urban management and other sectors directly related to the people's living so that the policies of the Party and state can reach the people correctly.

The report stressed the need to thoroughly adhere to the Party's principle of attaching importance to and prioritizing science and technology, clearly understanding the importance of science and technology playing a locomotive role in developing the national economy and improving the people's living standard, and set forth the orientation of innovation to raise the country's scientific and technological level to a new higher level.

It dealt with the principles and ways to amplify the successes and experience gained in education, public health and all other fields for developing socialist culture in the course of the struggle of the year 2022 and to overcome deviations.

The General Secretary stressed the need to actively organize and properly lead the socialist patriotic movement and the revolutionary mass movement, the powerful driving force for the prosperity and development of the state.

Noting that priority should be paid to firmly adhering to and inheriting the tradition of loyalty peculiar to the Korean revolution and the tradition of patriotism peculiar to our state, and the revolution should be advanced by dint of loyalty and patriotism, he clarified the principled issues arising in actively organizing and conducting various popular patriotic movements to be conducted by the Party and working people's organizations.

The report clarified the crucial policy resolution on giving spurs to strengthening the self-defensive capabilities on the basis of the analysis of the present situation of the inter-Korean relations and the external challenges seriously threatening regional peace and security.

The U.S. and other hostile forces have recently been hit hard by the rapid development of the military muscle of the DPRK and the promulgation of the peerless nuclear law in the world. Though seized with fear and uneasiness due to the DPRK's toughest counteraction, they are now keen on isolating and stifling the DPRK, unprecedented in human history.

In 2022 the U.S. frequently deployed various nuclear strike means in south Korea at the level of constant deployment, increasing the level of military pressure on the DPRK to the maximum. And, at the same time, it is pushing forward the realization of triangular cooperation with Japan and south Korea on a full scale while working hard to establish a new military bloc like Asian version of NATO under the signboard of "tightening alliance".

Under the pretext of coping with any "threat", south Korea is hell-bent on imprudent and dangerous arms buildup while busying itself with hostile military moves to pose a confrontational challenge.

The prevailing situation calls for making redoubled efforts to overwhelmingly beef up the military muscle to thoroughly guarantee the sovereignty, security and fundamental interests of

the Republic in response to the worrying military moves by the U.S. and other hostile forces precisely targeting the DPRK.

Stressing the importance of bolstering the nuclear force, the report made clear that our nuclear force considers it as the first mission to deter war and safeguard peace and stability and, however, if it fails to deter, it will carry out the second mission, which will not be for defense.

According to the strategy and plan for bolstering up nuclear force of the Party and the DPRK government to firmly safeguard the Republic's absolute dignity, sovereignty and right to existence, a task was raised to develop another ICBM system whose main mission is quick nuclear counterstrike.

Now that the south Korean puppet forces who designated the DPRK as their "principal army" and openly trumpet about "preparations for war" have assumed our undoubted enemy, it highlights the importance and necessity of a mass-producing of tactical nuclear weapons and calls for an exponential increase of the country's nuclear arsenal, the report said, clarifying the epochal strategy of the development of nuclear force and national defence for 2023 with this as a main orientation.

The National Aerospace Development Administration will launch the first military satellite of the DPRK at the earliest date possible by pushing ahead with the full preparation for a reconnaissance satellite and its vehicle in progress at the final stage, the report pointed out.

The report raised it as a major task to boost the political and ideological and military and technical strength of the People's Army, the main force of the national defense capabilities.

In accordance with the army-building orientations put forward at the 8th Party Congress and major Party meetings, it is necessary to make the year 2023 marking the 70th anniversary of the victory in the great Fatherland Liberation War and the 60th anniversary of advancement of the slogan "A-match-for-a-hundred" as a year of strengthening the political and ideological might of the armed forces of the Republic in every way and a year of bringing about a change in making preparations to mobilize for war and enhancing the actual war capacity.

The report highly appreciated the devoted efforts and feats by the workers, scientists and officials in the munitions industrial sector who creditably carried out the major national defense policy-oriented tasks set forth by the Party through the whole year's super-intense drive for production and scientific research, and laid down next year's goals of developing and producing weapons and equipment.

The report made clear the main tasks faced by the sectors in charge of affairs with the south and foreign affairs on the basis of the analysis of the external circumstances of the Korean revolution.

As the structure of international relations has been apparently shifted to the "new Cold War" system and a push for multipolarization is further expedited, the report stressed the principles of external work to be thoroughly adhered to by the Party and the DPRK government to raise national prestige, defend national rights and safeguard national interest and to protect regional peace and security.

Notably, the report put forward the detailed orientations of responding to the U.S. and other enemy on shifting to the actual action of more reliably and surely cementing our physical force on the principle of struggle against the enemy - might for might, frontal match - and it sounded a note of warning against those countries which started joining the U.S. with its partnership strategy to deprive the DPRK of its sacred dignity and sovereignty.

The General Secretary in his report raised the important issues arising in solidifying and developing our state and social system and giving play to its advantages and might.

When the socialist legal system has been further improved and strengthened, the original features of our system as the genuine people's country that the law defends the people and the people observe the law can be preserved, Party policies and state policies can be properly implemented and the purity of the revolutionary ranks and the consolidation of the Korean-style socialism can be defended and maintained.

Raised in the report were the principled issues arising in readjusting the state management structure system in a practical way and in improving the work attitude and style of officials as required by the changing and developing circumstances and the intensified struggle for socialist construction.

The General Secretary indicated important items, orientations of improvement and principled issues for preserving and solidifying the political climate peculiar to the Party and substantially guaranteeing the prospective development of the Party by boosting the combat efficiency of Party organizations at all levels and improving Party work and personnel management in a fundamental manner.

A change should be made in the work of all the Party organizations and officials and, in particular, the provincial Party committees, the political staff of relevant regions and their chief secretaries.

The General Secretary concluded his three-day report, warmly appealing to the leading officials, who are fully responsible for the work of all fields of the revolution and the destiny of Party policies, to make decisive progress in carrying out their duties to live up to the trust and expectations of the Party and the people with their high sense of loyalty and devoted service at the most critical and responsible time in the history of the development of the Republic and thus powerfully demonstrate to the world how the WPK shouldering the destiny of the country and the people overcomes trials and advance towards a greater victory through new year's struggle.

All the participants expressed full support and approval with a big clap to the report which proudly reviewed the all-people struggle of 2022 that made brilliant achievements in the spirit of fortitude and clearly indicated our advance orientations and keys to making a leap forward under the changing revolutionary situation.

The General Secretary's passionate report full of confidence in victory that calls for shaping the future of socialist construction in our own way and by our own efforts from A to Z serves as an undying militant banner that makes it possible to further boost the great and inexhaustible strength of single-minded unity between the Party and the people, thus using the absolute power and admirably steering the struggle, dynamically achieve substantial change of development for national prosperity.

The propositions put by Premier of the Cabinet Kim Tok Hun to the measures taken for improving and cementing the overall state affairs including the economic field were heard and leading officials of various fields made speeches and written speeches at the meeting.

Based on the idea and spirit of the important report by the General Secretary, two-day sectional workshops and consultative meetings took place to establishing, in a scientific and detailed way, a thoroughgoing and correct implementation plan for next year's colossal fighting tasks.

The cadres of the Party and the government guided the sectional workshops and consultative meetings.

The plenary meeting discussed the fifth agenda item "On the five-point line of party building in the new era".

Kim Jong Un made a report on the fifth agenda item.

It is an important issue for our Party, which has covered a long ruling course of nearly 80 years with its important mission to be responsible for the destiny and future of the Korean people, to provide powerful guidelines for firmly preserving its revolutionary character and nature and remarkably enhancing its leading and vanguard role on the basis of directly facing up to the changes of the times and examining the Party's reality.

The idea and theory of Party building in the new era, originally advanced by the General Secretary, included the revolutionary essence, content and valuable experience of the building of organization, ideology and leadership art which has been accumulated historically, suggested all urgent problems arising in the practice of Party work and solved them scientifically. So, they won full support and approval of the Party officials and members in a few months after their announcement.

The work was executed to newly frame the theoretical system on the Party building with political, organizational, ideological, disciplinary and work-style building and enrich and regularize their contents.

In particular, the struggle to open up a new era of strengthening the whole Party provided a solid springboard for steadily and stably developing the Party building, including the overall and

detailed refinement of the fighting capabilities of the Party organizations at all levels and the intensification of the political awareness and role of the party officials and members.

It is a reliable force and a solid foundation for strengthening the party that the Party has its organizations and millions of its members, who are working hard to establish a sound and clear political climate, rallied close around its Central Committee organizationally and ideologically and in moral obligation, and tens of millions of people have absolutely trusted the Party as the ever-victorious guide and the great mother, following it in one mind.

It is raised as an appropriate and matured issue to define the five-point orientation for party building in the new era as the Party's line, in accordance with the new requirements of the developing revolution, the continuity of the trend confirmed in the historical course and the scientific and objective confirmation of its feasibility.

Expressing the belief that the WPK would be able to constantly maintain and strengthen its character and nature and discharge its sacred mission and responsibility for the people forever if the five-point orientation based on the theory of Party building in the new era is confirmed as the line of the party building of the WPK, the General Secretary courteously proposed to the plenary meeting to formally define the Party building orientation in the new era in which the will of the whole Party is integrated as the Party's line.

A resolution on defining the five-point orientation based on the General Secretary's unique idea and theory of party building as the WPK's line of party building in the new era was adopted with unanimous applause.

Kim Jong Un made a concluding speech.

Our struggle is an unprecedented great cause of not only enduring the difficulties facing it and maintaining itself but advancing toward new changes and development and the overall development of socialist construction.

In the new year, too, our struggle will face trials and difficulties which are not easy to overcome, but we should vigorously advance towards a new horizon of development of the state with firm confidence in our cause and faith in our own strength.

We will resolutely tide over the challenges and difficulties facing us by our own efforts and accelerate the advance into a new era as planned, decided and scheduled by us, not by any fortunes or help from outside.

The General Secretary declared the plenary meeting closed, expressing firm belief that its decisions would lead to steady implementation and substantial changes and a new heyday of the

development of the Party and the revolution would be ushered in forever thanks to the high Party spirit, revolutionary spirit and devotion of all the participants.

All the participants broke into stormy cheers, looking up to the august General Secretary of the WPK who opened up a broad avenue for strengthening the whole Party and achieving national prosperity and has vigorously guided the work with his rare ideological and theoretical wisdom, seasoned art of leadership and tireless devotion, and solemnly took a pledge of invariable loyalty to the revolutionary cause following the Party Central Committee while setting up their minds full of new confidence and will before the ordeals to be faced again for the great state and people.

The Sixth Plenary Meeting of the Eighth Central Committee of the WPK, which fully demonstrated the mature leadership ability of our Party confidently leading the socialist cause of Korean style and added fresh courage and vigour to the dynamic advance of our state along the road chosen by itself and to the indomitable fighting spirit of our people, will shine long in the sacred history of the Juche revolution as a significant occasion that made an important turning point peculiar to the victorious path of our revolution.
