A warm welcome to everyone, my name is Vipin Gupta and I'm the Chairman of Juche Philosophy Study Committee of India (JPSCI). I heartily welcome all the august audience present today in ARIJI online seminar. Today, I'm looking forward to speak about "The immortal exploits of the Great Leader Comrade Kim Jong Il".

As we all know that it's now a decade since Eternal Chairman Kim Jong Il of the DPRK National Defence Commission passed away on December 17, 2011. The Korean people have held Eternal Chairman Kim Jong Il in high esteem as the eternal NDC Chairman and added brilliance to his exploits.

Reflecting the desires of the Korean people, the Eternal Chairman is preserved in his lifetime appearance in the Kumsusan Palace of the Sun, where the Eternal President Kim Il Sung, founder of the socialist Korea, lies in state. Statues of him and mosaic murals of his beaming image were built on Mansu Hill in Pyongyang and other places across the country, and portraits of his beaming image hung in rooms of all the institutions, enterprises and families. The Korean people are wearing the badges bearing his image.

For the exploits he had performed for the Korean revolution and the cause of global independence he was awarded the titles of Hero of the DPRK, and Order of Kim Il Sung and Kim Il Sung Prize, the highest decorations of the DPRK. He was also awarded in July 2013 the commemorative order which was newly instituted to mark 60th anniversary of the victory in the Fatherland Liberation War (1950 – 1953).

February 16, his birthday, was designated as the Day of the Shining Star, and Order of Kim Jong Il, Kim Jong Il Prize, Kim Jong Il Youth Honour Prize, Kim Jong Il Children Honour Prize, and the watch bearing his autographed name were newly instituted. Many documentaries about his revolutionary career and exploits were produced and screened. Literary works in respect for him are continuously created and published. All these manifest the noble sense of moral obligation and loyalty of the Korean people to Eternal Chairman Kim Jong Il: He developed the Juche idea and the Songun idea into the guiding ideologies in the era of independence and brilliantly implemented them in all spheres of the Korean society; he built up the DPRK into a strong political and military socialist power and he gave well-known services to the cause of the independence of mankind.

The Korean people stepped up their robust advance to implement his lifetime wishes in all fields and sectors, thereby bringing about big changes. Scientists and

technicians succeeded in launching the artificial satellite on the occasion of the first anniversary of his death and brilliantly carried out his lifetime instruction that the first applications earth satellite should be launched in 2012 that would mark the centenary of the birth of Eternal President Kim Il Sung.

It is a strong faith and unshakeable will of the Korean people to realize Eternal Chairman Kim Jong Il's plans and instructions without fail. At present valuable seeds of prosperity sown by the Eternal Chairman are coming to fulfilment in the DPRK. A sea of apple trees at the foot of Chol Pass, another socialist paradise in the country, is a good example.

The DPRK is now witnessing rapid progresses in the development of science and technology in the fierce flames of breaking through the cutting edge, as he had wished. Many factories and enterprises in the machine-building and other economic sectors have been upgraded. Thanks to a great heyday in construction, such cultural, sports and recreational establishments for the people as the Munsu Water Park, Mirim Riding Club and Masikryong Ski Resort, as well as medical service facilities. Unha Scientists Street, apartment buildings for educationists at Kim Il Sung University and Kim Chaek University of Technology made their huge appearances, and cities and villages across the country are being turned into socialist paradises, adding remarkable successes to the building of a civilized socialist nation.

The Korean people's vigorous grand march to materialize the lifetime plans and wishes of Eternal Chairman Kim Jong Il is led by their supreme leader Kim Jong Un.

On the Tenth Death Anniversary of Eternal Chairman Kim Jong Il, I, Vipin Gupta on behalf of my organisation Juche Philosophy Study Committee of India pay my deepest tribute to the Eternal Chairman Kim Jong Il. Long live Juche Idea!

Thank you so much everybody
