

## **Justness and role of Kimilsungism-Kimjongilism in the contemporary world**

First of all I on behalf of all Juche followers and organizations from Nepal and myself as Dy. Secretary General and Regional Director of Asian Regional Institute of Juche Idea (ARIJ), would like to extend my heartfelt thanks to the Korean Association of Social Scientists (KASS) which has kindly given opportunity to take part in the International Seminar on "**Justness and Role of Kimilsungism- Kimjongilism in the contemporary world** " on the occasion of the Sun's Day 2020. Deeply injected and influenced by the immortal great Juche Idea, which was founded and thoroughly practiced in reality by President KIM IL SUNG on the way to liberate Korea from the Japanese colonial rule, on the way to establish Korean style socialism in the Korean Peninsula, on the way to defeat US imperialist led 16 countries 1950-53 Korean war and on the way to raise dignity, sovereignty and prestige of the DPR of Korea in the world community, Nepalese people have formed Nepal Institute for Juche Studies (NIJS) in 1979 officially. Since then more than dozens social and friendship organizations have been formed to study and disseminate Juche Idea and Songun policy.

The Juche idea is an essence of Kimilsungism-Kimjongilism. The great and immortal Juche Idea, propounded by great leader President KIM IL SUNG is widely accepted by the countries of the world that dreams to make self-reliant in economy, independence in politics and self-defence in defense and to make the country a heaven on the earth. It is crystal clear that President KIM IL SUNG rightly identified the peculiarities of the then Korea and creatively applied Juche Idea according to them to further the Korean revolution ahead. Through that process, he authored the Juche Idea which guided the Korean revolution to success. After him, Comrade KIM JONG IL have creatively been following him and rendering tremendous contributions to the Korean Revolution. The great works established by President KIM IL SUNG and creatively developed by Comrade KIM JONG IL is established as Kimilsungism-Kimjongilism which is widely accepted by worldwide progressive people. In this context, a new era is emerging, not a bipolar nor unipolar era but a multipolar era where every people takes charge of their own destiny independently, peacefully and achieving prosperity of people and nation according to their own peculiarities without foreign interference nor subordination to any center of power .

Now we all know that respected Marshall KIM JONG UN said: "Modelling the whole society on Kimilsungism-Kimjongilism is the ultimate program of our Party." Modelling the whole society on Kimilsungism-Kimjongilism is the revolutionary succession and development onto a new step of modelling the whole society on Kimilsungism which Comrade Kim Jong Il had formerly put forward and been realizing. The Workers Party of Korea has been strengthened and developed into the revolution Party in which the ideological system of the leader is firmly established, the motherly Party that formed a harmonious whole with the popular masses and serves them and an invincible Party with iron discipline and fighting capacity as it has the great Kimilsungism-Kimjongilism as the guiding ideology. Now we all the progressive people of the world are convinced that WPK is recognized as the most authorized, combatant and revolutionary Party in the world.

DPRK has achieved prosperity based on Kimilsungism-Kimjongilism which is cultivating new lands for increasing food self-sufficiency, developing fisheries and afforesting land on a large scale to improve the environment and care for it. Implementing the computer numerical control (CNC) in all large industries that enables them to raise productivity, the automation

and mechanization in the agricultural field they are also advancing in the simultaneous development of heavy industry, light industry and agriculture which play big role to guarantee employment and welfare for the entire population of the country. The DPRK is a country that had previously overcome the evils of the capitalist system such as unemployment, illiteracy, drug addiction, prostitution and others. All of them are based on the consistent application of the Juche idea founded by President KIM IL SUNG amidst the struggle of the Korean people to expel Japanese imperialism from their homeland. This idea was later developed and systematized by dear leader KIM JONG IL. The succession to and the depending of the achievements made in the DPRK in the past have been carried out today by Respected Supreme Leader KIM JONG UN, Chairman of the Workers' Party of Korea (WPK), Chairman of the State Affairs Commission of the DPRK and Supreme Commander of the Armed Forces of the DPRK.

Undoubtedly the experiences of the Democratic People's Republic of Korea (DPRK) have special relevance. Because despite all campaigns of harassment in the fields of the economy, military affairs, as well as propaganda such as economic sanctions imposed by the US government, joint military maneuvers of the military forces of the US, South Korea and Japan within a few kilometers from the borders and the intense ideological and political campaign broadcasted by the western medias against the system, the DPRK has not stopped her socialist development but rather deepened it. Not only that, overcoming her internal obstacles such as dogmatism, bureaucracy, the ideological subordination to foreign powers, the DPRK with her great creative and conscious strength of the masses has made prodigious successes in the economic, social, cultural, military fields year after year, especially resulting in improving the level of material and spiritual lives of her people and contributing to independence and peace in the world. Let us all contribute to building a world where every people and every nation is truly independent with sovereignty maintained and decides their own way to establish a socialist society equipped with people's power that conforms to their democracy, their history and their identities.

Kimilsungism-Kimjongilism integrated and reflected correctly the requirements of a new high stage of developing history in the protracted struggle of the popular masses for independence, thus being the great revolutionary ideology representative of the Juche era.

Kimilsungism-Kimjongilism gave correct explanations to all problems arising in the revolutionary practice in the present age. It clarifies general goal and orientation of the revolutionary struggle in line with the independent desire and demands of the masses in the era of Juche and comprehensively explains not only the law, strategies and tactics but the ways of the struggle for their realization. It also newly clarifies essential superiority of socialism, inevitability of its victory and law of its building and illuminates scientifically the strategy and tactics for the building of a powerful socialist country, thus providing the correct way to consummate the cause of socialism with success. It also gives explanations to all problems arising in the revolutionary leadership that enables the masses to hold the position of master and fulfill their role as such. As a result, it provided a powerful guide capable of leading the people's cause of independence, the cause of socialism to victory.

In my opinion, Nepalese communist leaders should learn from the great leaders of Korean communist movement and must work diligently to meet the people's aspirations of independence, peace and prosperity right now and fulfill the remaining tasks of the Nepalese people's democratic and patriotic revolution with deep learning of Kimilsungism-Kimjongilism. In this context, being studied the Kimilsungism-Kimjongilism by the Nepalese masses have been playing a very important role in Nepal. With the rapid changes in the political system of Nepal, people from different walks of Nepalese life are keenly interested to know more about this scientific ideology and hence they are establishing different forum of the like-minded professionals such as

Socio-Political Intellectual's forum, Women's forum, Journalists' forum, Writers' forum, and socialist Journalists forum to study Juche Idea. After studying Kimilsungism-Kimjongilism, they naturally influenced by the self-reliance characters.

We the progressive and peace loving people of Nepal are well aware by the fact that Japan Council for Study of Kimilsungism-Kimjongilism was formed on May 3 and many study organizations were formed in other countries in Africa, Europe and Latin America in less than a month since the respected Comrade KIM JONG UN formulated Kimilsungism-Kimjongilism in his immortal classical work "Let Us Brilliantly Accomplish the Revolutionary Cause of Juche, Holding KIM JONG IL in High Esteem As the Eternal General Secretary of Our Party" on April 6, 2012.

We hope that respected Marshall KIM JONG UN, his party and people of the DPR of Korea will contribute to achieving independence and prosperity of the entire people of the world and establishing stable and lasting peace on this planet in a brilliant manner.

Let us all contribute to building a world where every people and every nation is truly independent with sovereignty maintained and decides their own way to establish a socialist society equipped with people's power that conforms to their democracy, their history and their identities.
