

Self-Reliance, Independence and World Peace

First of all, I would like to extend my deepest thanks to the organizing committee and all distinguished participants here in this august gathering for inviting me as director of ARIJI and Chairman of the Study Forum for Self Reliance, Nepal to this meeting and giving the opportunity to make a speech.

It is my honor and privilege to pay deep respect to Great Leader Eternal President KIM IL SUNG, who is the founder of the immortal Juche Idea and eternal President of the Socialist Korea and eternal General Secretary of the Workers' Party of Korea Comrade KIM JONG IL, who enriched and further develop Juche Idea.

I also avail myself of this opportunity to sincerely appreciate and with my best wishes for achieving fresh success to His Excellency Marshal KIM JONG UN, Chairman of the Workers' Party of Korea, Chairman of the National Affairs Commission of the DPRK and Supreme Commander of the Korean Armed Forces who inherit the cause of President KIM IL SUNG and General Secretary Comrade KIM JONG IL.

Dear Comrades,

We are living in the first quarter of the of the 21st century in a complicated situation of internal and external crisis, fear and poverty, economic recession and bankruptcy, struggle for independence and self reliance, natural disaster and suppression of the so-called super powers in various unnatural pretext.

I hope, we all agree that there are many problems and questions to be solved through struggle based on the national unity of the people of a country as a whole. I think, and all of us agree, that the approach and methods of developing society are different from country to country.

As time passes, human beings future is becoming worse and so dark due to the political and economic crisis, religious misunderstandings and so on. World people's desire to live in an independent peaceful atmosphere with happiness becomes impractical dream.

Self-reliance, independence and world peace are expected by the world people in their own countries. As we have witnessed in the Socialist Korea, the Korean people are enjoying independence with self reliance, thanks to the founder of the Self reliance policy of great President KIM IL SUNG which made possible for the Korean people. The Juche idea is a great ideology which opened a new era of socio-philosophical development in both theoretical and useful terms.

The ever-conquering history of Korean people is rooted on the warrior distinctiveness of Comrade KIM JONG IL, who had enriched and further developed the Juche idea and stands firm against the imperialist's frantic offense as well as the heroic Korean people's struggle for real justice.

The Kimilsung-kimjongilism is the ever-victorious Juche Idea and the greatest philosophy that make it possible to develop a country as a socialist power in short period even in spite of the inhuman blockade of reactionaries. The reason is that the Korean people have clearly understood the importance and necessities of self-reliance, independent development and peace around the earth.

In this context, it will be a great blunder if we do not mention the true guideline and farsighted policy made by His Excellency Marshal KIM JOING UN, the supreme leader of the party, state and army on recently held 4th plenary meeting of the 7th Central Committee of the Workers' Party of Korea, where respected Marshal underscored the need to more vigorously advance socialist construction by dint of self-supporting national economy suited to the specific local conditions of the DPR Korea based on Korean people's efforts, technology and resources under the uplifted banner of self-reliance and set forth immediate objectives and tasks to be carried out without fail in further demonstrating the might of the self-supporting economy.

His Excellency Marshal KIM JONG UN stressed -" the self-reliance and self-supporting national economy are the bedrock of the existence of our own style socialism, the motive power of its advance and development and the eternal lifeline essential to the destiny of our revolution".

Marshal KIM JONG UN has truly clarified the immortal guidelines to be adhered to as the lifeline in the struggle for building the powerful socialist country. He said - "to thoroughly establish the socialist lifestyle is an important work for maintaining the Juche character and national identity and preserving the true nature of socialism and giving full play to its advantages in the field of cultural life".

Entire progressive and peace-loving people of the world have admired the immortal guideline for the independent development of the country and for which they are struggling hard to live prestigious life independently in a peaceful environment.

To achieve the above mentioned goal, IJJI, ARIJI, other Regional Institutes of Juche Idea in other continent of world and each and every national level group for the study of the Juche Idea and self-reliance should encourage all of their members to participate in the meetings and seminars of self reliance and organize

their tour to the DPR of Korea, where they can have actual feeling and first hand information on the reality. It is said that seeing is 1000 times better than listening or reading. If we experience visiting DPRK once, we can realize how much the western world are propagating negatively and behaving with our dear socialism.

Dear Comrades,

We have enough ground to cooperate each other to disseminate the Juche idea our sake for our self reliance and for our inner desire to live in a peaceful society independently. This, I am sure, will be an expression of our solidarity and our good faith to the Korean comrades.

Availing myself of this opportunity I, on behalf of entire Juche Idea followers and Juche Idea Study Groups of Nepal and members of our Forum for Self-reliance Studies, Nepal and on my behalf, extend our best wishes to respected Marshal KIM JONG UN. who is leading the ever-victorious struggle of the Korean people, to realize fresh success for achieving independent and peaceful reunification of Korea and to build Korea- a strong socialist nation in the world and to achieve the final victory of the Juche cause!

- Long Live KIM IL SUNG-KIM JONG ILism!
- Long Live Juche Idea and Songun Policy!
- Long Live Nepal- DPR Korea relations!
