

Congratulatory Message from Subash Kaji Shrestha,
Dy. Secretary General, ARIJI

*Respected Director General, Secretary General and dear Directors
Asian Regional Institute of Juche Idea, ARIJI*

Greetings from Nepal!

It gives me immense pleasure to send this message of hearty congratulations and best wishes to Director General, Secretary General, Directors and the entire members of the "Asian Regional Institute of Juche Idea" on the occasion of its 40th Founding Anniversary.

Although we could not meet in Nepal to celebrate the 40th Founding Anniversary of ARIJI due to Covid-19 pandemic, I express full support and solidarity to ARIJI which is since last four decades vigorously and continuously performing its activities in widening the Juche Idea to the Asian people for their national strength and self reliance. ARIJI simultaneously expressing its solidarity and supporting the just struggle of the Korean people for achieving early independent peaceful reunification of Korea based on the historical north-south joint declaration of June 15, 2000, followed by June 4, 2007 declaration, 3-principles of national reunification and 10-point program of peaceful reunification and with their great national unity of the entire Korean people in north, south and abroad and to build a prosperous socialist nation in the world.

We should not satisfy ourselves for what we did in last four decades. Hence our duty is to widely disseminate the Juche Idea, which is widely accepted as Self reliance activities for the followers, to the growing youths in schools, colleges, universities and study groups for they are the future leaders of the respective nations and can shape their destiny by themselves independently.

Availing myself of this opportunity I wish good health and happiness to Prof.(Dr.) Harish Gupta, Director General, Mr. Mukesh Sharma, Secretary General and all the Directors of ARIJI and its entire members along with IJJI & KASS family and wish fresh success on our noble deeds for peace, progress, stability and conscientiously dedicating our energy for supporting the just cause of the Korean people!

With best wishes!

*Subash Kaji Shrestha
Dy. Secretary General,
ARIJI,*
