## **\*Justness and Role of Kimilsungism and Kimjongilism in the contemporary world.\***

Kimilsungism-Kimjongilism is an integrated system comprising the Juche idea created by Eternal President Kim Il Sung and developed in depth by Comrades Kim Il Sung and Kim Jong Il, and the theories and methods of the revolution and construction elucidated by this idea.

It scientifically explains the true features of society where the independence of the people, the ultimate goal of the Party, has been fully realized, the law-governed process by which it is built, and the strategy and policies for the struggle that should strictly be adhered to in the whole course of carrying out the socialist cause.

The cause of independence of the people, the socialist cause, can successfully be accomplished only by modelling the whole society on Kimilsungism-Kimjongilism and guided by this great ideology.

Today DPRK's revolution has entered the historic stage where it has realized people's ideal and desire for independence in full measure under the unfurled banner of the great Kimilsungism-Kimjongilism. In the course of the struggle to safeguard socialism and advance it victoriously, the motive force of DPRK revolution has been built up and made rock-solid, and the strategic position and influence of DPRK has been markedly enhanced.

To imbue the whole society with Kimilsungism-Kimjongilism is a sacred struggle to advance the revolution and construction in line with the ideas and intentions of Comrades Kim Il Sung and Kim Jong Il and add glory to the undying exploits performed by the great leaders for the country and revolution, the times and history.

Through the three revolutions - ideological, technological and cultural revolutions, the whole society is imbued with one ideology and united at a high level on the basis of Kimilsungism-Kimjongilism, and rapid progress is made in economic and cultural construction. As a result, the goals for building a powerful socialist country is accomplished.
