The day of 17th December,  
We are feeling a 2021 - Remember.  
A Beloved leader,  
Really an anti-Imperialist pioneer.  
The phenomena,  
Like Korea,  
Is now in Bangladesh!  
When like Korea, Bangladesh  
Forwards on people's aspiration.  
Doing best for people's foundation,  
At that, US Imperialism  
Started anti people's stateism.  
From the beginning of freedom fight,  
Bangladeshis win it with great height.  
We Bangladeshi cordially  
Remember the worthy,  
Of Beloved leader Kim Jong Il,  
And getting inspiration as best will.  
Decade after decade,  
Peoples will fight against blockade.  
Countries to countries  
Peoples will have victories.  
Songun International  
Like people's ally,  
As sun shine,  
Will be best fine.  
The spirit of people's Independence,  
Marks real confidence.  
It is democracy!  
Only for power oddacity,  
Peasants and Agro workers  
Have no power in that doers.  
The 10 th Demise Anniversary,  
Is our tone of philosophy?  
To recall Songun International,  
To salute Beloved leader Kim Jong Il.
