MIFA Celebrates 5 Years of Commitment to Art and Culture in the Heart of Miami

Miami, FL – We are excited to invite the community to the recognition ceremony celebrating the 5th anniversary of Miami International Fine Arts (MIFA). The event will feature the participation of Doral Mayor Christi Fraga and Councilman Rafael Pineyro, who will honor MIFA's resident artists. The ceremony will take place on Wednesday, September 18, 2024, at 3:00 p.m. at the City of Doral Government Center, located on the third floor.

Since its founding in 2019, MIFA has been much more than a gallery; it has been a space dedicated to promoting art, where creativity and culture merge to transform the community. Founded by visionaries such as Teresa Jessurum Uribe, Elkin Canas, Milixa Morón, Carlos Martínez León, and Gilberto Uribe, MIFA has grown with a clear purpose: to use the transformative power of art to revitalize and enrich the culture of the region.

A Beacon of Creativity and Collaboration: What began as a shared dream in 2019 has flourished into a vibrant platform under the artistic direction of Marco Caridad. From the beginning, MIFA has been committed to being a haven for contemporary art, not only to admire but to experience in its entirety. With six meticulously curated exhibition spaces,

MIFA has become an epicenter of artistic expressions that foster deep dialogue and reflection.

Over the past five years, MIFA has been a pillar in promoting emerging talent, offering contemporary artists a space to grow, explore, and challenge traditional norms of art. Its dedication to innovation, creativity, and continuous learning has transformed MIFA into a place where the community can connect with art in meaningful ways.

A Legacy of Cultural Impact: MIFA's legacy is reflected not only in the exhibitions it presents but also in its mission to build an environment that fosters cultural development. The gallery has established itself as a beacon for art in South Florida, a place where emerging artists receive support and where the community can experience art as a transformative force.
