**REASONS TO
SUPPORT
US**

1

We are igniting the potential of our local students and opening their eyes to the myriad of possibilities in the fields of science, technology, engineering, art and math (STEAM).

2

Today's students are tomorrow's inventors. But too many lose interest in crucial STEAM subjects at an early age. We are expanding their horizons to new opportunities in life and their career options in our local and global economies.

3

We offer students of all backgrounds chances to work with their fellow students in real-world scenarios and experiences that open their eyes to new possibilities for the future.

4

Over the past 15 years, we have collaborated with 31 schools across 6 NYS & PA counties to offer STEAM-based activities for PreK-12th grade students. Our efforts have helped us serve over 42,000 students.

31 out of 46 schools within 1hr drive of us have visited

SCHOOL DISTRICTS WHO HAVE VISITED US SINCE 2021

Cattaraugus County: Allegany-Limestone, Ellicottville, Franklinville, Hinsdale, Olean (East View, Wash. West, OIMS, & OHS), Portville, Randolph Academy, Randolph, Salamanca, Southern Tier Catholic, West Valley, Pioneer (Delevan & Arcade)
