

MOSES ALEXANDER COMPANY

The best solution in Environment!!!

About Us

- We are trusted Local Representative or Agent for Top Global Manufacturers, Original Equipment Manufacturer (OEM). Original Design Manufacturer (ODM) specializing in Water, Wastewater and Sewage, Desalination and Solid Waste Recycling technologies.
- With deep market knowledge, technical expertise, and a strong regional presence, we bridge the gap between innovative international technologies and local project needs. We represent a portfolio of world-class equipment and solutions providers, ensuring seamless support in procurement, regulatory compliance, installation, and after-sales service.

Mission

- To deliver advanced, reliable, and sustainable water and waste management solutions by representing global OEM and ODM partners—empowering industries, municipalities, and communities to protect natural resources, improve public health, and meet environmental compliance.

Vision

- Providing to collaborators and partners a promising, pleasant, safe work environment that generates personal and professional growth opportunities by means of commitment, respect and motivation.
- To be a leading and trusted partner for innovative environmental technologies, creating a cleaner, safer, and more resilient future by bridging international expertise with local needs to the world.

Values

- Attitude and resilience to execute changes
- Skill and agility to develop suitable solutions to each case
- Supplied product and service reliability
- Social liability
- Ethics and honesty in all relations
- Human capital respect and valuing

Products Plants Projects

- Effluent Treatment Plant
- Sewage Treatment Plant
- Water Treatment Plant
- Reverse Osmosis
- Ultra/Nano Filtration
- Bottling Plant
- Demineralization Plant
- Softener Plant
- Filters
- Organic Waste Composter
- Pile Composting
- Bio-Gas
- Spares & Consumables
- Chemicals

Services

- Operation & Maintenance
- Annual Maintenance Contract
- One-time service call
- Overhaul Maintenance
- Installation & Commissioning of new or old plants/projects
- Laboratory Services

Consultancy

- Environmental Consultancy for Pollution Control Board & MOEF
- Project Engineering Consultancy for Environmental Plant/Project
- Fire Hydrant Consultancy for Fire Department
- Comprehensive process safety services like PSM (Process Safety Management), PHA (Process Hazards Analysis), HAZOP, QRA, HAC (Hazardous Area Classification), ERDMP (Emergency Response & Disaster Management Plan), EHS Training, etc.

Life Cycle of Services Offered

Waste Water Treatment Plant

Effluent Treatment Plant:-

- ✓ Industrial Effluent Treatment Plants for various sectors like Oil & Gas, Pharma, Textiles, Chemicals, Food & Beverages, Mining etc.

Sewage Treatment Plant:-

- ✓ Sewage Treatment Plants for small & large capacities.
- ✓ Technologies used ASP, SAF, USAB, SBR, MBBR, MBR.

Containerized Packaged Treatment Plant:-

- ✓ Mobile packaged plant.
- ✓ Standard shipping container size of 20' & 40' in length with width of 8' & height of 8.5' for easy transportation.
- ✓ Non Standard size packaged plant.

Water Treatment Plant

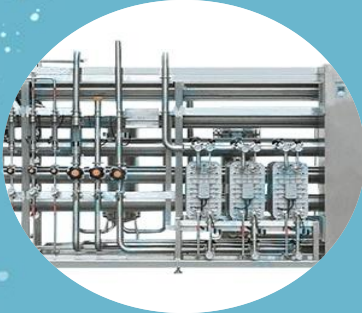

Reverse Osmosis Plant:-

- ✓ Plants for drinking water, Industrial Effluent Treatment Plant for various sectors like Oil & Gas, Pharma, Textiles,

RO + EDI:-

- ✓ Hi Purity water for Pharma Industry

Demineralization/Softner Plant:-

- ✓ Water for Pharma Industry

Bottling Plant:-

- ✓ Water for packaged drinking water

Ultra/Nano Filtration Plant:-

- ✓ Water for low TDS drinking water

Solid Waste Recycling

Organic Waste
Composter

BioGas

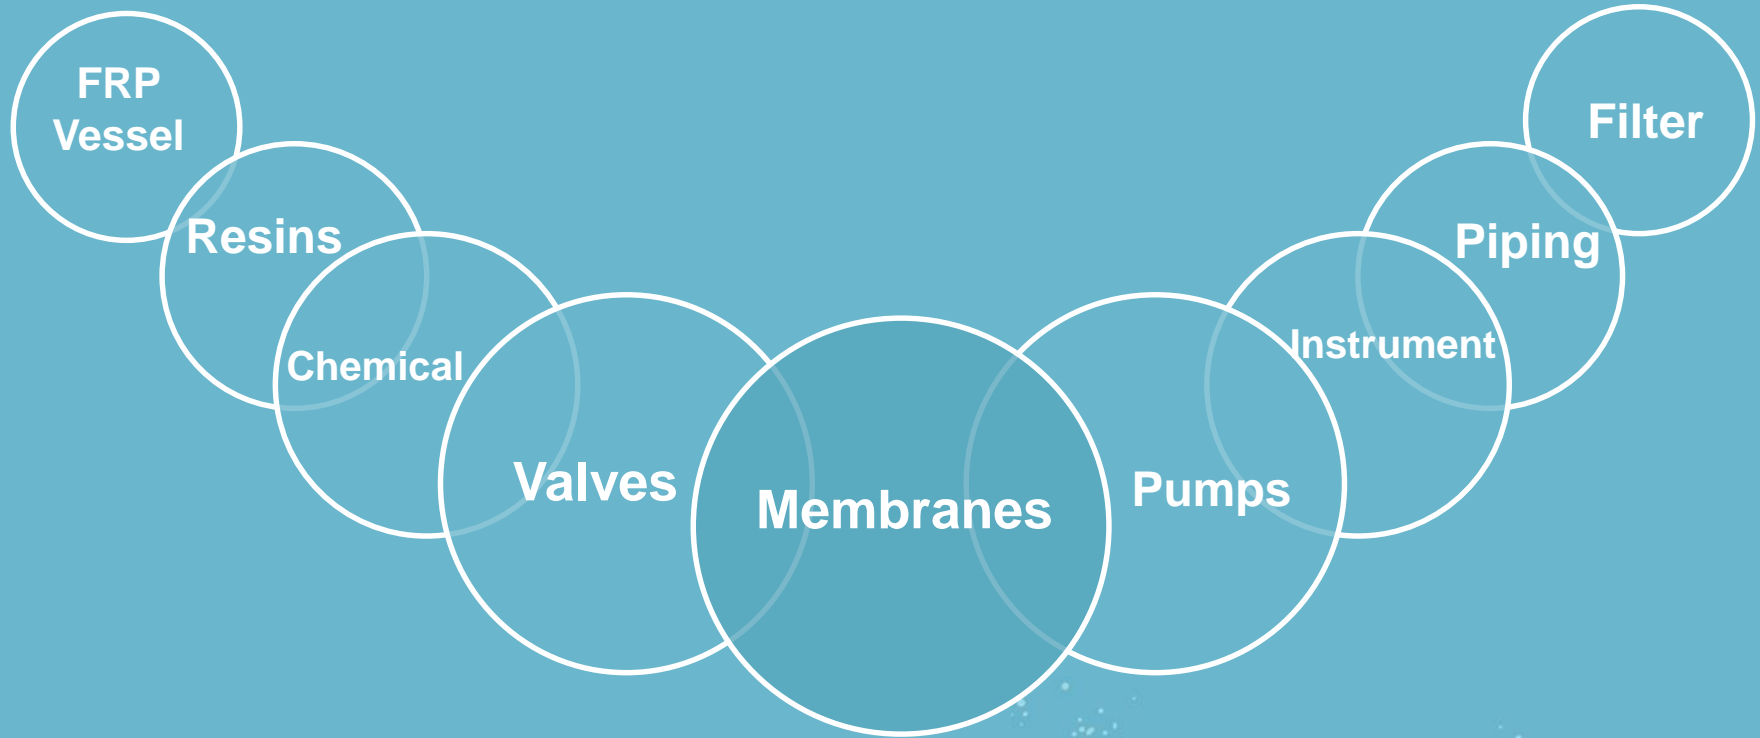

Windrow Pile
Composting

Waste To Energy

Spares/Consumables/Components

Consultancy

Environmental Consultancy

Environmental Impact Assessment study (EIA), Environmental Clearance (EC) from MoEF, State / UT Pollution Control Board, No Objection Certificate (NOC)/ Consent To Establish (CTE) , Consent to Operate(CTO) / Consolidated Consent & Authorization (CCA) from State / UT Pollution Control Board, Forest Clearance, CRZ clearance, CGWA Clearance or any other environmental Clearance from statutory authorities.

Project Engineering Consultancy

Preparation of Concept note, Techno-economic Feasibility Report, Design & Engineering, cost estimations, Detailed Project Report, RFQ Documents, tender documents & tender Evaluation.

Fire Hydrant Consultancy

Fire Fighting Turnkey Contractor for Mumbai, Navi Mumbai, MIDC, Thane, Pune and other Municipal Corporations, Fire Authority.

EHS Consultancy

Comprehensive process safety services like PSM (Process Safety Management), PHA (Process Hazards Analysis), HAZOP, QRA, HAC (Hazardous Area Classification), ERDMP (Emergency Response & Disaster Management Plan), EHS Training, etc.
