

MARINE CONSERVATION ACTIVITY

RAISE YOUR HAND TO SAVE OUR PLANET

ACTIVITY DIRECTIONS

1. Have a child trace his/her hand on a piece of paper
2. Encourage the child to draw polyps from the fingers, turning the handprint into a coral reef
3. Color an ocean scene inside the palm of the handprint
4. Use the next page to have the child draw his/her hand and discuss how every person, big or small, can help our planet thrive

EVERY HAND MAKES A DIFFERENCE IN SAVING OUR PLANET

MARINE CONSERVATION ACTIVITY

RAISE YOUR HAND TO SAVE OUR PLANET

EVERY HAND MAKES A DIFFERENCE IN SAVING OUR PLANET

- 1. Pick up a handful of trash every time you go to the beach**
- 2. Use your hands to choose sunscreen with reef-safe ingredients**
- 3. Raise your hand to show your support for sustainability**
