MORE OPTIONS, LESS COMPLEXITY PRODUCT SOLUTIONS THAT FIT

Birmingham Insurance Group was built with our clients in mind. We specialize in comprehensive benefit packages for employers and their employees. We are an independent benefits company and it is our intent to align ourselves with our clients to become an integral part of their success. Our primary focus is the service and satisfaction of our clients. We treat every client with the same courtesy

regardless of size. What sets us apart from our competitors is a consistent annual renewal process that ensures our clients the same level of care and service, year after year. We do this by working with many partner providers that offer creative products and solutions for our clients in an ever changing landscape. With over many years of experience, we are a partner you can trust for dedicated service in all aspects of employee benefits.

COST CONTROL MANAGEMENT

Cost control solutions allowing your employees to compare average costs for procedures and care of local hospitals and doctors.

The current state of healthcare can be described in many terms. Perhaps the term we hear most often is, "confusing". There is so much confusion as to what networks doctors are in, what tier do prescription's fall under, what costs are paid by the insurer and what portion is the responsibility of the insured.

In a never ending barrage of questions and confusion, Birmingham Insurance Group is here to help alleviate the confusion and here to help our clients every step of the way.

Every day new technologies continue to advance, especially in the healthcare industry. While advances in treatment and medicine progress, there are many companies investing in alternative technologies. With a goal to not only enhance benefits, but to help make them more cost efficient and accessible. At Birmingham Insurance Group we are constantly monitoring companies and looking for partners to help improve our clients overall experience and enhance benefits coverage.
