

At Daffodil Preparatory School, our Maths curriculum spans from foundational concepts in Year 1 to advanced problem-solving skills in Year 6, aiming to develop students' mathematical fluency, reasoning, and problem-solving abilities. Students progressively explore topics such as number sense, operations, measurement, geometry, fractions, decimals, algebra, and statistics through engaging activities, games, and real-world applications. Each term focuses on a specific theme of skill set, accompanied by fun and interactive assessments designed to consolidate learning and track progress.

# Maths

## AT DAFFODIL PREPARATORY

### Year 1

- Numbers and counting
- Addition and subtraction
- Measurement
- Time: days, months, and seasons

### Year 2

- Place value within 100
- Addition and subtraction
