Course/Program:	**ESL 3 Advanced Level**
Objective:	ESL 3 Advanced level starts off after the Intermediate Course. Students will learn more complex words, expressions, and grammar. With the basis of basic knowledge, they will be able to speak English using the comparison of simple past vs. present perfect and future tense. With the mixture of the grammar and expressions learned from the former level, this step introduces infinitives and gerunds. These are so widely used in all positions of the sentence, this level is significant for understanding the meaning of infinitives and gerunds, how to use them with the expressions that we've learned before. Also, this level introduces conditional sentences using if clauses.

Listening/Speaking: Can satisfy basic survival needs and very routine social demands. Understands simple learned phrases easily and some new simple phrases containing familiar vocabulary, spoken slowly with frequent repetition.

Reading/Writing: Can read and interpret simple material on familiar topics. Able to read and understand simple directions, schedules, signs, maps, and menus. Can fill out forms requiring necessary personal information and write short, simple notes and messages based on familiar situations.
