Upper Level Platform (B)
(X1)

Base Pillars (C)
(X3)

Inner Pillars (D)
(X3)

Important Safety Instructions

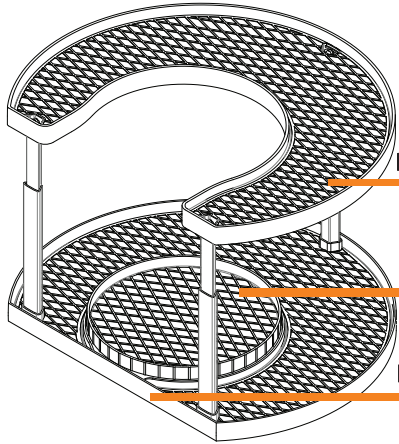

To protect against the risk of injury, follow the basic safety precautions below:

- Read all instructions.
- Do not load more than five pounds of items on the Upper Level Platform. Overloading the Upper Level Platform may cause the Spice Spinner™ to tip and/or damage the unit.
- Once pillars are installed, do not remove as the locking tabs will no longer lock into upper and lower base.

Care and maintenance

Clean with damp cloth or sponge.

Features

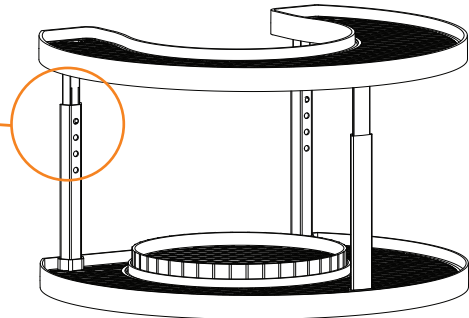

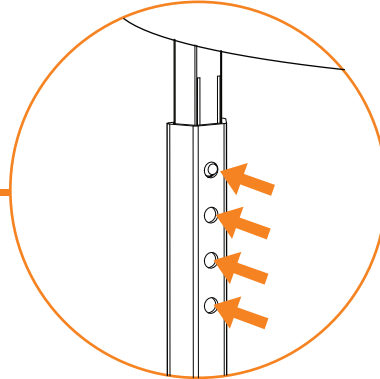

Diamond texture engraving: Increases grip of the stored items.

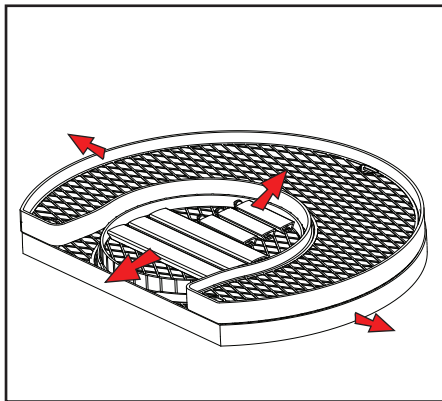

Rotating inner disk: Allows taller products to stand up while making them accessible.

D shape design: Allows the unit to fit where no ordinary spinning shelves can go.

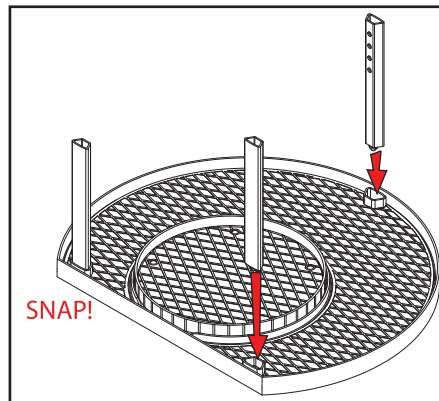

Height adjustable pillars: Adjustable to 4 different height settings by half inch increments.

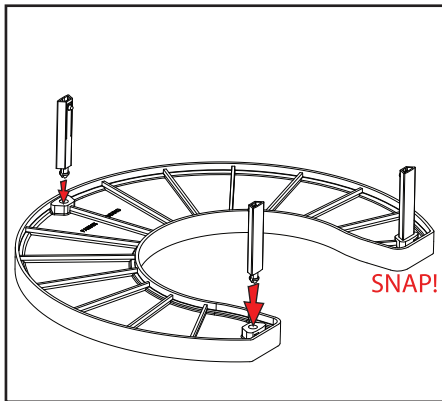

Assembling your Spice Spinner™

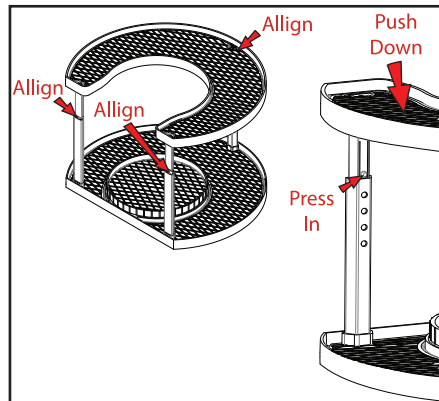

1) Remove the Spice Spinner™ contents from the box and lay out the components on a flat surface.

2) Hold the longer Base Pillar(C) in a vertical position making sure the holes are on top, firmly press all 3 pillars into the cavities of Spice Spinner™ Base (A). Ensure Base Pillars "snap" into the socket.

3) Flip the Upper Level Platform (B) upside down as shown in the image. Making sure the round locking buttons are facing upright, firmly press all 3 Inner Pillars (D) into the socket of the Upper Level Platform (B).

4) Align the Base Pillars(C) with the Inner Pillars (D). Once the pillars are aligned, press the locking button on the Inner Pillar(D), and push down on the Upper Level Platform lightly until you hear a snap. Repeat step to remaining 2 pillars.
