

WHO WE ARE

Billing In-House was created by a team of behavioral health executives, billing specialists, and finance professionals with one goal: To give residential treatment centers the power of an in-house billing department, without the complexity, fixed cost, or operational burden of building and managing a billing team.

We eliminate the third-party model where centers compete for attention while billing companies try to grow by accepting more centers diluting the quality of services. At Billing In-House, we are interested in growing your business not ours.

OUR MISSION

Our mission is to bring clarity, control, and confidence to the revenue cycle. We eliminate uncertainty around collections and ensure critical billing information is always accessible without the frustration of intermediaries. Through our unique concierge model, we provide personalized service, rapid response times, and complete transparency - delivered by your own dedicated billing team.

WHAT WE DO

- ✓ Provide you with your own billing and utilization review department
- ✓ Give you ownership of your billing and financial data
- ✓ 24/7 access to billing software and real-time reports
- ✓ Communicate directly with your billing team, no account managers
- ✓ Daily billing for improved cash flow
- ✓ Rapid claim, denial, and appeals follow-up
- ✓ Utilization review oversight
- ✓ Same day insurance verification and benefits checks
- ✓ 24-hour medical record request turn-around

WHO WE SERVE

We are the ideal billing partner for:

- Small to Mid-Size Detox & Residential Treatment Centers
- Providers Seeking Clean Claims, Faster Payments, & Minimal Denials
