

# Garbage Guys Who Care

A portion of your fees is donated to the Pat Kracker Breast Cancer Fund

April 2014

To All Garbage Guys Who Care Recycling Customers:

Thank you for enrolling in our recycling program & doing your part to reduce waste in our community.

Recycling is at best a break even enterprise for us, which we are glad to do.

**Please help us to improve our recycling by being aware of the following:**

**1. These items are NOT RECYCLABLE:**

- Glass - can take it to 1125 National Parkway - Richland County Solid Waste
- Plastic bags – Krogers will take them in a bin
- Wood – mulch for use in your garden, take to County Compost Facility  
Located @ 441 Cairns Road between Harrington Memorial Rd. and Bowman Street or for smaller pieces put in your trash
- Styrofoam in any form – put in your trash
- Tin Pie Plates etc put in your trash
- Peanut cans and other cardboard cans with metal rims the metal needs to be separated to be recyclable
- Plastic cling wrap is garbage
- Napkins – put in your trash
- Books – Holly's Books in Appleseed Center

Please do not put material like saran wrap or items that have food waste on them. I just read an article about how many cities were having problems with "contaminated" items being rejected by their recycling buyers.

**2. Please sort your recycling if you can: If you sort into plastic bags & tie them LOOSELY, we will leave your bags for reuse**

- Non-aluminum metal & aluminum
- Plastic that is marked recyclable
- Paper
- Cardboard: BTW – cereal boxes are considered paper
  - Please break down cardboard boxes

**ON WINDY DAYS, PLEASE USE YOUR JUDGEMENT WHETHER TO PUT OUT LIGHTWEIGHT RECYCLING**

Please call with any questions. Thanks again.
