EXALTED RULER'S MESSAGE

Spring has sprung and summer is here! I know my wife has had me busy in our yard getting all the planting and landscaping done, trying to find time to do that and be here can be a challenge! June is another busy month for us, on the 4th we are hosting the district ritual contest, if you've never seen one, I encourage you to come watch and support us as we show how ritual can and should be performed. District Flag Day is at Arvada Lodge this year on the 12th, it's always a fun day. Father's Day BBQ is on the 19th, hope all the dads will come down and enjoy the Lodge hospitality. A special shout out in thanks to LuAnn Wallace and her crew for a great Kentucky Derby party. We have our family drive in on the 25th and lots more fun times coming up in July so check your calendars and plan to come have fun with us!!

Sincerely, Troy Young

Elk of the Month

This month we would like to recognize someone who has been around the Elks for several years but just this year, she celebrated her 21st birthday and became a member of the Lodge. She jumped in right away helping with the bowling tournament both at the Lanes and in the Lodge. From running Raffles to serving dinners, she made us proud to have her as a new member. Congratulations **Anya Burk**. Welcome to Northglenn 2438

Sincerely,
Arlan Sauer | Leading Knight

Congratulations to **Connie Ebbesen**, this months Volunteer of the month.

Evolution of the United States Flag

No one knows with **absolute certainty** who designed the first stars and stripes or who made it. Congressman [Francis Hopkinson](#) seems most likely to have designed it, and few historians believe that [Betsy Ross](#), a Philadelphia seamstress, made the first one.

Until the Executive Order of June 24, 1912, neither the order of the stars nor the proportions of the flag was prescribed. Consequently, flags dating before this period sometimes show unusual arrangements of the stars and odd proportions, these features being left to the discretion of the flag maker. In general, however, straight rows of stars and proportions similar to those later adopted officially were used. The principal acts affecting the flag of the United States are the following:

- On **June 14, 1777**, in order to establish an official flag for the new nation, the Continental Congress passed the **first Flag Act**: "Resolved, That the flag of the United States be made of thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new Constellation."
- Act of **January 13, 1794** - provided for 15 stripes and 15 stars after May 1795.
- Act of **April 4, 1818** - provided for 13 stripes and one star for each state, to be added to the flag on the 4th of July following the admission of each new state, signed by President Monroe.
- Executive Order of President Taft dated **June 24, 1912** - established proportions of the flag and provided for arrangement of the stars in six horizontal rows of eight each, a single point of each star to be upward.
- Executive Order of President Eisenhower dated **January 3, 1959** - provided for the arrangement of the stars in seven rows of seven stars each, staggered horizontally and vertically.
- Executive Order of President Eisenhower dated **August 21, 1959** - provided for the arrangement of the stars in nine rows of stars staggered horizontally and eleven rows of stars staggered vertically.
