4th Annual RESTAURANT WEEK Sunday, February 25th thru Saturday, March 2nd

Watervliet – The City of Watervliet is excited to announce the fourth annual restaurant week will take place February 25-March 2, 2024. Kristin Donlon, owner of Patrick’s Pub said "Restaurant Week has been great for us these last few years. It not only brings new and existing customers out during a time of year that is typically slow, but it also allows us to incorporate foods we usually don't serve with some of our everyday menu offerings. Being able to showcase what our pubs and restaurants in the city have to offer is a great opportunity and a win-win for everyone."

The weeklong event will showcase local restaurants offering special fixed menus. Brenda & Joseph Hage, proud owners of Teta Marie's said "Teta Marie's Lebanese Restaurant is honored to take part in our very first restaurant week here in Watervliet. Just opening our new location 6 months ago, we have had nothing but support from our city, community, and customers new and old. We are looking forward to serving up some home style cooking for everyone. With new menu items daily specials and give -a- ways." Mayor Patricelli said "Restaurant Week has been a huge boost for our restaurants. It really gives them the opportunity to highlight some favorites offered every day and to show off some other items that you don't typically find on their menus." Restaurants usually sell out so be sure to call ahead and make your reservation.

Follow the City of Watervliet’s Restaurant Week on Facebook and the City’s website for up-to-date information on the event.
