

UPPER ISLAND SOCCER ASSOCIATION

UISA –Tier 3 Planning Meeting

**Saturday June 23, 2019
NUFC Clubhouse in Nanaimo– 11:00am**

MINUTES

Present: Jason Coates (Nanaimo), Hiromi Tollefson (MIYSA), Tuesday Riviere (OYSS), Jerrett Dickinson (CVUSC), Artur Ciastowski (CVUSC, via Webex)

Guests – Christine Carson (UISA Executive Director), Daragh Fitzgerald (Nanaimo)

- 1) **Club reps:** for Tier 3 and Storm/Riptide steering committees 2019-20. All clubs have now confirmed their Tier 3 SC reps to UISA – thank you! Riptide SC reps from Campbell River, Comox Valley, Powell River and North Island are also all in place. **Action required:** We are still waiting on Storm SC reps to be named from AVYSA, GYSA and OYSS.
- 2) **Tier 3 teams for 2019-20:** preliminary list of Tier 3 teams expected compiled from all clubs. Super8 team numbers are good. 11-aside team numbers are down a bit. See Appendix 1 and 2.
- 3) **Tier 3 season for 2019-20:** See Appendix 3 for UISA March breaks in 2020. See Appendix 4 and 5 for DRAFT season dates for Super 8 and 11-aside, including Super8 Jamborees, Pacific Development Jamboree, B-cup playdowns and possible Pac Dev Cup dates (firm PDC dates cannot be set until we see how many teams declare).
- 4) **Proposal for handling interclub transfers** – club input re: possible switch from current transfer forms to shared Google spreadsheet. There was a detailed discussion among clubs present about making this switch, and how the system could incorporate a process for addressing any problems as they arose, for example via a “concern” tag or via a question capacity. A notification to the home club when a player was added was also requested. It was anticipated

that a simple spreadsheet, with columns for Player Name, Player birthdate, player email contact, releasing club information, accepting club information, releasing club okay/concern (this one to be filled out only by the releasing club) and UISA approval yes/no (this one to be filled out only by UISA) would suffice, if it could generate a heads up to the releasing club when an entry was made.

August Update: With the new sport management software package being implemented from UISA it I hoped that we will be able to generate online forms for both permitting and inter club transfers so UISA will stick to the current form until we sort out whether the online option is a go/no go.

- 5) **Coaching resources** – concussion course, pocket concussion guides, other suggestions? Clubs would like more pocket concussion guides and “No Coaching from the Sidelines” posters. Clubs were also interested in bringing a value-added event to Technical Staff this year if possible – ie a workshop to complement their skills/knowledge base.
- 6) **BC Soccer SGM report and feedback on proposed membership changes** Brief discussion of information provided by BC Soccer to date. There was some confusion around removal of boundaries – clubs not entirely clear what this means. **Action:** Christine to communicate to BC Soccer that they need to provide a better introduction to the situation and context in order for the clubs to understand the proposed changes. For the proposed policy, the definition of “new” player is better set as someone not registered with BC Soccer for 3 years, to prevent poaching of players for a year by Academies who attract no new players themselves, but still want to qualify.
