

I'm CHAD SHEEHAN a husband and father of five and I'm campaigning for Woodbury County Sheriff and asking for your vote on June 2nd in the Republican primary!

I was born and raised in Sioux City attending East High School. My parents John & Janice (Joy) Sheehan were also born and raised in Sioux City. They still reside in my childhood home and will celebrate 50 years of marriage in April 2020. My family roots run deep in Woodbury County and I'm proud to say I have family throughout the County.

My 23-years of law enforcement experience (Retired Sioux City Police Department August 2016) and now running a successful business for 6 years, the last 4 years full time, I know I am uniquely qualified to lead the Sheriff's office into the 2020's.

I am a proven leader and have never been shy about accepting a challenge or to think outside the box to find solutions.

I've dedicated my adult life to public safety, and I will continue to focus on public safety and the safety of our schools, businesses and houses of worship. There is no greater treasure than our children and their future.

To enhance school safety, we will continue to train every school district in Woodbury County, and we will assist them in performing safety assessments and creating policies and emergency operation plans.

We will build upon the reserve program by starting a unit made up of retired law enforcement and military. I plan to utilize these highly qualified reserve deputies in schools throughout Woodbury County. They may also be called upon to provide safety and security at other venues when needed.

I will lead the Sheriff's Office with fairness, compassion, empathy and accountability.

I will continue my dedication to community engagement through community policing concepts and building the public's trust. This has been a constant throughout my career, and you can rest assured your voice and your needs will be heard!

I will implement and utilize strategic planning to allow everyone in the organization to have a say in the direction we move in. Many changes are on the horizon and collective thoughts and ideas are needed to find the right solutions.

I will focus on enhanced training and professionalism by budgeting a plan that includes a full-time position dedicated to training and standards. This will enhance the safety of Sheriff's deputies, correctional officers and all other employees. I've heard from many within the organization, "We want and need more training."

The greatest asset to any organization is its people. I am very proud of the profession of law enforcement and I want to be a voice for the great work done every day by the men and women of the Woodbury County Sheriff's Office.

I will bring my business experience and entrepreneurial mindset to the table when it comes to responsible and efficient budgeting. This mindset is going to be very important as we move forward building a new Law Enforcement Center/Jail.

I am the leader the Sheriff's Office needs moving forward and I am asking for your support in my campaign and for your vote in the Republican primary on June 2nd.
