TASK ORGANIZATION – THE SITUATION SITREP

SITUATION

This MANDATORY INJECTION was planned in 2015 by the COVID RICO CONSPIRATORS

“...until an infectious disease crisis is very real, present, and at an emergency threshold, it is often largely ignored. To sustain the funding base beyond the crisis, he said, we need to increase public understanding of the need for MCMs such as a pan-influenza or pan-coronavirus vaccine. A key driver is the media, and the economics follow the hype. We need to use that hype to our advantage to get to the real issues. Investors will respond if they see profit at the end of process, Daszak stated.”

2016 Feb 12. 6, *Developing MCMs for Coronaviruses*. Available from:
<https://www.ncbi.nlm.nih.gov/books/NBK349040/>

SITUATION

In recognition of these limitations, the President signed the Executive Order on Modernizing Influenza Vaccines in the United States to Promote National Security and Public Health on September 19, 2019.

Broadly, the Executive Order directs BARDA, CDC, NIH, and FDA to accelerate the adoption of improved influenza vaccine technologies. In alignment with the goals of the Executive Order, NIAID is conducting and supporting research to develop state-of-the-art vaccine platform technologies that could be used to develop universal influenza vaccines as well as to improve the speed and agility of the influenza vaccine manufacturing process.

These platform technologies include **synthetic DNA, messenger or modified (synthetic) RNA (mRNA), virus-like 5 particles, vector-based, and self-assembling nanoparticle injectables (“vaccines”). For example, NIAID supported scientists are investigating a mRNA vaccine candidate that would allow for a more rapid and flexible response to both seasonal and pandemic influenza with a minimum of regulatory oversight because the base ingredients will not change – just the synthetic programming proteins.**

SITUATION

The W.H.O's 'Pandemic Treaty' will end Freedom as we know it and hand the 'keys to power' to its largest private funder, Mr Bill Gates:

In December 2021, the World Health Organization announced their plan to develop a new pandemic treaty “strengthening” international cooperation during future pandemics. What does it mean in practical terms? The language of the announcement was vague, so we need to interpret it in context.

“In a consensus decision aimed at protecting the world from future infectious diseases crises, the World Health Assembly today agreed to kickstart a global process to draft and negotiate a convention, agreement or other international instrument under the Constitution of the World Health Organization to strengthen pandemic prevention, preparedness and response.

Dr Tedros Adhanom Ghebreyesus, WHO Director-General, said the decision by the World Health Assembly was historic in nature, vital in its mission, and represented a once-in-a-generation opportunity to strengthen the global health architecture to protect and promote the well-being of all people.”

More from the horse's mouth (April 2022):

“In a consensus decision aimed at protecting the world from future infectious diseases crises, in December 2021 the World Health Assembly agreed to kickstart a global process by establishing an intergovernmental negotiating body (INB) to draft and negotiate a convention, agreement or other international instrument under the Constitution of the World Health Organization to strengthen pandemic prevention, preparedness and response ...

SITUATION

Biden Handing Over U.S. Sovereignty to WHO:

On May 22-28, 2022, ultimate control over America's healthcare system, and hence its national sovereignty, will be delivered for a vote to the World Health Organization's governing legislative body, the World Health Assembly (WHA).

This threat is contained in new amendments to WHO's International Health Regulations, proposed by the Biden administration, that are scheduled as "Provisional agenda item 16.2" at the upcoming conference on May 22-28, 2022.1

These amendments will empower WHO's Director-General to declare health emergencies or crises in any nation and to do so unilaterally and against the opposition of the target nation. The Director-General will be able to declare these health crises based merely on his personal opinion or consideration that there is a potential or possible threat to other nations.

<https://2ndsmartestguyintheworld.substack.com/p/biden-handing-over-us-sovereignty?s=r>

SITUATION

Biden Handing Over U.S. Sovereignty to WHO: How It Became Official

On January 18, 2022, with no public awareness, officials from the Biden Administration sent the World Health Organization these extensive amendments to strengthen WHO's ability to unilaterally intervene into the affairs of nations merely suspected of having a "health emergency" of possible concern to other nations.⁴ The U.S. amendments cross out a critical existing restriction in the regulations: "WHO shall consult with and attempt to obtain verification from the State Party in whose territory the event is allegedly occurring..."⁵ By eliminating that, and other clauses, all the shackles will be removed from the Director-General of WHO, enabling him to declare health emergencies at will.

The amendments would give WHO the right to take important steps to collaborate with other nations and other organizations worldwide to deal with any nation's alleged health crisis, even against its stated wishes. The power to declare health emergencies is a tool of tyranny to shame, intimidate, and dominate nations and populations. It can be used to justify ostracism and economic or financial actions against the targeted nation by other nations aligned with WHO or who wish to harm and control the accused nation or designated population.

SITUATION

Biden Handing Over U.S. Sovereignty to WHO: How Much Time Do We Have to Stop the Amendments?

The contents of the proposed amendments were not made public until April 12, 2022,⁶ leaving little time to protest before the scheduled vote. As noted, the amendments are scheduled and almost certainly will be enacted May 22-28, 2022.

The existing WHO regulations then provide for an 18-month grace period during which a nation may withdraw its “yes” vote for amendments, but the current proposed amendments would reduce that opportunity to six months. If the U.S.-sponsored amendments are passed, a majority of the nations could, in the next six months, change their individual votes and reverse the approval. But this is a much more difficult proposition than stopping the whole process now and once such power is assumed, it can and likely will be used immediately.

SITUATION

Biden Handing Over U.S. Sovereignty to WHO:

Treason / Sovereignty / Law of War

- The definition of TREASON: The betrayal of allegiance toward one's own country, especially by committing hostile acts against it or aiding its enemies in committing such acts.
- 18 U.S. Code § 2381 - Whoever, owing allegiance to the United States, levies war against them or adheres to their enemies, giving them aid and comfort within the United States or elsewhere, is guilty of treason and shall suffer death, or shall be imprisoned not less than five years and fined under this title but not less than \$10,000; and shall be incapable of holding any office under the United States
- When that power is handed over to the WHO, the United States of America as a sovereign country ceases to exist per the Law of War.
- Article 42 of the 1907 Hague Regulations (HR) states that a " territory is considered occupied when it is actually placed under the authority of the hostile army. The occupation extends only to the territory where such authority has been established and can be exercised. "
- According to their common Article 2, the four Geneva Conventions of 1949 apply to any territory occupied during international hostilities. They also apply in situations where the occupation of state territory meets with no armed resistance.
- The legality of any particular occupation is regulated by the UN Charter and the law known as jus ad bellum. Once a situation exists which factually amounts to an occupation the law of occupation applies – whether or not the occupation is considered lawful.

The Global Public-Private Partnership (G3P)

Policy Makers

This is the part of the GPPP where policy originates

BIS

Bank for International Settlements (BIS)

The BIS ultimately control the money supply and thus global markets, trade and national economies.

Central Banks

Central Banks (Coordinated by the BIS)

The Central Banks are "going direct" and directly funding government spending. Monetary policy has effectively become fiscal policy.

WEF

CFR

Club of Rome

Chatham House

Rockefellers

Think Tanks & Global Representative Groups

The Think Tanks & globalist representative groups, such as the WEF, form the policy agendas. Working in Partnership with the BIS and the Central Banks they set the G3P objectives. These can then be pursued through partnership agreements with policy distributors and enforcers, such as the World Bank and national governments.

Policy Distributers

United Nations

IMF

IPCC

World Bank

WHO

Philanthropists

Global Corps

NGOs

These organisations and bodies take policy directives from the policy makers and distribute them to the policy enforcers.

Policy Enforcers

National Governments

Civil Service, NHS, RRU, IPSO, Ofcom, Police, Military, Courts, Local Governemnts, Statutory Agencies, etc.

Selected Scientific Authorities

SAGE, NERVTAG, ICL, MHRA, JCVI, CDC, FDA, NIH, EMA, AMA, etc.

The Policy Enforcers in National Governments exploit or work with the Selected Scientific Authorities to justify the policies they are required to enforce.

Policy Propagandists

Propagandists and Hybrid Warfare Specialists

MSM, Fact Checkers (PolitiFact, Full Fact, etc.), Social Media Platforms, Hybrid Warriors (77th Brigade, HutEighteen, etc.), Anti-Hate Campaigners (CCE, CCDH, SPLC, etc.)

The Propagandists and Hybrid Warfare Specialists are tasked with convincing the public to accept and hopefully believe in the policies. They use psychological manipulation, disinformation, misinformation, censorship and propaganda

Policy Subjects

The Public

We the people are the subjects of the policies that cascade down through the G3P system. These are funded via taxation and public borrowing, which benefits the BIS and the Central Banks and their corporate partners. The system is designed to exploit us, but we are an increasingly unnecessary component as the G3P seeks to transform the global economy based upon the financialisation of nature.

**TACTICS

AND
PRACTICES
(TTP)
OF
THE POWERS**

TTP: Operation Lockstep, 2010

- **Scenarios for the Future of Technology and International Development** [\[PDF here\]](#) is a Rockefeller Foundation paper published over a decade ago in 2010. The paper lays out various schemes to advance globalist technocracy, shoddily disguised as “theoretical scenarios.”
- Essentially, the document describes various factors that may play into the implementation of the United Nations’ Agenda 21 plan (also known as Agenda 2030, Sustainable Development Goals, and so on).

TTP: SPARS “Pandemic of 2025”

Note: 2019 – 20 COVID “Plandemic” was a dry run to obtain atmospheric.

- In 2017, the Johns Hopkins Center of Health Security ran a simulation of a coronavirus pandemic known as **SPARS**. What can we learn from this exercise?
- “Ultimately, a world comprised of isolated and highly fragmented communities with widespread access to information technology—dubbed “the echo-chamber”—was selected as the future in which the prospective scenario would take place. From this point, scenario-specific storylines were then developed, drawing on subject matter expertise, historical accounts of past medical countermeasure crises, contemporary media reports, and scholarly literature in sociology, emergency preparedness, health education, and risk and crisis communication. These sources were used to identify communication challenges likely to emerge in future public health emergencies.”

<https://www.thelastamericanvagabond.com/spars-pandemic-2025-echo-chambers-vaccine-opposition/>

TTP: CRIMSON CONTAGION, 2019

- **Crimson Contagion** was a joint exercise conducted from January to August 2019, in which numerous national, state and local, private and public organizations in the US participated, in order to test the capacity of the federal government and twelve states to respond to a severe pandemic of influenza originating in China.
- The simulation, which was conducted by the Trump administration's Department of Health and Human Services in a series of exercises that ran from January to August 2019, involved a scenario in which a group of about 30 tourists returning from China spread a novel influenza A respiratory virus in the United States, beginning in Chicago. In less than two months the virus had spread from a single index case (a 52 year-old man returning to Chicago) to infect 110 million Americans; 7.7 million patients would require hospitalization, and 586,000 people would die from the novel virus. The 70-page report issued at the conclusion of the exercise outlined the government's limited capacity to respond to a pandemic. States experienced "multiple challenges" requesting resources from the federal government "due to a lack of standardized, well-understood, and properly executed resource request processes," the report said. Federal agencies lacked the funds, coordination, and capacities to implement an effective response to the virus.

TTP: CONPLAN 8888

This plan was not actually designed as a joke.

During the summers of 2009 and 2010, while training augmentees from a local training squadron about the JOPP, members of a USSTRATCOM component found out (by accident) that the hyperbole involved in writing a "zombie survival plan" actually provided a very useful and effective training tool. Planners who attended JPME II at the Joint Combined Warfighting School also realized that training examples for plans must accommodate the political fallout that occurs if the general public mistakenly believes that a fictional training scenario is actually a real plan. Rather than risk such an outcome by teaching our augmentees using the fictional "Tunisiaor "Nigeria" scenarios used at JCWS, we elected to use a completely-impossible scenario that could never be mistaken as a real plan.

FUTURE CONCERNS / OPS - DIALING IN (FOR COLLECTIVE FOCUS)

1. Bill Gates GAVI published an article on 22-Apr-2021 titled “The next pandemic: Marburg?”. There have been numerous Mainstream Media articles highlighting an upcoming threat Marburg and referencing the WHO in recent months.
2. Primerdesign developed a one-step Real-Time PCR test genesig® in 2018 for Marburg hemorrhagic fever. Why would they develop a test in 2018 for an illness which has not had a major outbreak since 2005?
3. Soligenix, are currently rushing to trial a ricin-rich vaccine RiVax® for Marburg hemorrhagic fever. RiVax has Fast Track designation for the prevention of ricin intoxication by the US FDA. Approval of ricin toxin vaccine will utilize the FDA Animal Rule to eliminate the phase 1, 2 & 3 trials. Why such a rush now, to trial a vaccine for which there has only been a total of 376 deaths since 1967 and only 16 deaths since 2005? The main component of the Rivax vaccine is Ricin is a lectin and a highly potent toxin produced in the seeds of the castor oil plant.
4. Soligenix shareholders include BlackRock Fund Advisors, Goldman Sachs & Co. LLC, etc.
5. Ricin is a lectin and a highly potent toxin produced in the seeds of the castor oil plant. Ricin is very toxic if inhaled, injected, or ingested. It acts as a toxin by inhibiting protein synthesis. It prevents cells from assembling various amino acids into proteins according to the messages it receives from messenger RNA in a process conducted by the cell’s ribosome (the protein-making machinery) – that is, the most basic level of cell metabolism, essential to all living cells and thus to life itself.
6. A paper titled Asymptomatic Infection of Marburg Virus was published by the NIH in January 2021.

BILL GATES – “The Next Pandemic: Marburg?”

- Bill Gates [GAVI](#) published an article on 22-Apr-2021 titled “The next pandemic: Marburg?”. There have been numerous Mainstream Media articles highlighting an upcoming threat Marburg and referencing the WHO in recent months.
- “Are there vaccines or treatments, or ongoing R&D?”
- The CDC states: “There are currently no specific therapeutics for Marburg virus. However, supportive care including rehydration with oral or intravenous fluids can improve survival. This can mean maintaining oxygen status and blood pressure, replacing lost blood and clotting factors, and treating any complicating infections. Potential treatments, including blood products, immune therapies and drug therapies, are currently being assessed. Marburg virus vaccine candidates are being investigated, and in 2019, for example, IAVI (the International AIDS **Vaccine Initiative**) began researching a recombinant vesicular stomatitis virus (VSV) vector Marburg virus vaccine candidate, called rVSVΔG-MARV-GP. Another **vaccine** candidate MVA-BN Filo containing both Marburg and Ebola virus antigens could potentially protect against both hemorrhagic viruses. **It is currently in phase 3 trials, and seems to trigger good immunity against the Ebola Zaire strain but it has not yet been tested against Marburg virus.**”

About Primerdesign

The best custom qPCR assay development service in the World

Primerdesign is focused on the design, manufacture, validation and supply of real-time PCR kits and reagents. The company was founded in 2005 within Southampton University's School of Medicine. Since that humble beginning, the company has gone from strength to strength – thousands of customers in over 100 countries around the World and a fantastic reputation in the field. Primerdesign now consists of a substantial team of friendly experts, all dedicated to giving our customers a fantastic experience and all thriving in a highly professional environment.

In May 2016 Primerdesign became part of the [Novacyt Group](#). This joining of forces enabled Primerdesign to accelerate their growth plans and kick-started an exciting new chapter for the company, leading to even better products and an even bigger, better team to support you.

Asymptomatic Infection of Marburg Virus

- A paper titled [Asymptomatic Infection of Marburg Virus](#) was published by the NIH in January 2021.
- “Marburg virus (MARV) is among the most virulent pathogens of primates, including humans. Contributors to severe MARV disease include immune response suppression and inflammatory gene dysregulation ("cytokine storm"), leading to systemic damage and often death. Conversely, MARV causes little to no clinical disease in its reservoir host, the Egyptian rosette bat (ERB). Previous genomic and in vitro data suggest that a tolerant ERB immune response may underlie MARV virulence, but no significant examination of this response in vivo yet exists.”

ANALYSIS

- **The next “PLANDEMIC” HAS BEEN SCHEDULED.**
- It has a LOW transmissibility rate.
- It has a HIGH mortality rate.
- Potential releases (i.e.; NYC Subway) have been identified.
- PCR Testing Kits created by Primerdesign.
- “Vaccine” created by Soligenix (2018).
- Other “lesser intrusive means” early intervention treatments removed from medical BIOWARFARE texts circa 2018.
- Investors in both technologies include same BAD ACTORS.

Question on the U.S. Constitution. Do those held in DC jailed post January 6th have Constitutionally Granted Rights?

Unlawful Detainers Act and 5th Amendment of the Constitution guarantee that accused (prisoners) get a hearing within 48 hours to understand the charges against them and a trial not more than 6 months after arrest. - our Jan 6 protestors have had neither. Not only that, but the federal courts also apparently won't hear their habeas corpus cases. In other words, there is no constitution in force right now - at least not a federal one.

Wake Up and Smell the Burning of Our Constitution

James Roguski Mar 31 2022

The United States has proposed amendments to the International Health Regulations which will be voted on by the World Health Assembly scheduled for May 22-28, 2022.

WATCH:

<https://rokfin.com/post/83148/Screaming-Fire-In-A-Burning-Building-With-James-Roguski>

The World Health Organization Is Attempting a Power Grab

1. Most people have never heard of the International Health Regulations (IHR). The United States agreed to the IHR in 2005. These regulations override and supercede the U.S. Constitution.

2. On January 18, 2022 the United States submitted a number of amendments to the IHR that serve to give away even more of our sovereignty and greatly empower the World Health Organization (WHO) to restrict YOUR health related rights and freedoms.

3. The 75th meeting of the World Health Assembly will be held in Geneva, Switzerland this May 22-28, 2022. The Assembly will vote on the amendments to the IHR. They are very likely to pass and be enacted into international law unless "We the People" stand up against this attack on our sovereignty.

4. These amendments to the International Health Regulations do NOT need to be approved by two-thirds of the U.S. Senate. We have already agreed to obey the IHR by virtue of our membership in the United Nations and the WHO. We have already given away some of our sovereignty. These amendments are designed to confuse the member nations into giving away even more of their sovereignty.

5. In addition to the proposed amendments to the IHR, the WHO has also set up an Intergovernmental Negotiating Body (INB) that is actively negotiating an international "Treaty on Pandemic Prevention, Preparedness and Response." The proposed "Pandemic Treaty" is separate from, and in addition to, the proposed amendments to the International Health Regulations mentioned above.

6. The "Pandemic Treaty" does not yet exist. It is being drafted and negotiated right now. **Discussions regarding the "Pandemic Treaty" are important but they are also part of a sophisticated diversion to confuse people and get them to ignore the immediate concern, which is the Amendments to the IHR being considered by the World Health Assembly this May 22-28.**

7. **The time to speak out and stand up for your rights is NOW.**

THE ENLIGHTENED

THE ENLIGHTENED- MISSION AND CONCEPT

Our mission statement is “To mobilize, organize, and develop a grassroots campaign to support our communities by providing ready, prompt, and sustained support and assistance to citizens and local leaders by citizens and local leaders across the full spectrum of attacks upon our Lives, Liberty and our Pursuit of Happiness as provided by our Creator and outlined in The Constitution of the United States of America.”

NOTE: Our mission statement clearly outlines capabilities required to defeat any tyranny. The nation focuses on preparing its armed forces to deal with any kind of tough situation, as a veteran I understand this premise fully. We will continue to prepare and consult experts in various fields to best facilitate effective use of resources.

There exists a Biblical supposition which supports The Doctrine of Lesser Magistrates. In Romans 13, which states in verse 1 that “there is no authority except from God, and the authorities that exist are appointed by God.” Of course they are, but we must not forget that they are also appointed to operate in specific spheres. Just as the individual (self-government) has no inherent right to govern another individual, neither may the state govern matters that God has given to the church or the family. If the state attempts to exert its authority over realms that God has delegated to others, it must be resisted. Moreover, those who publicly identify where the state has overstepped, along with those who resist the state’s encroachment, are servants of God who ultimately contribute to the wellbeing of the whole society.

While the Constitution does not explicitly refer to God, the concepts of law which it contains stem from the cultural assumptions of basic biblical truths widely held by the people of that time regardless of their actual piety towards God. In other words, it is an inarguable fact that not all Americans of that era actually held to the Christian faith, yet they held to the commonly accepted morals, ethics and standards of behavior derived from English Common Law, which drew from biblical law given to the Hebrews by God.

THE ENLIGHTENED- MISSION AND CONCEPT

The tradition of resistance to unjust laws by the lesser magistrates includes the time in 39 AD when Publius Petronius, the Roman governor of Palestine refused to install an image of Caligula, emperor of Rome, in the Jewish temple in Jerusalem. Caligula was enraged and sent a letter to Petronius instructing him to commit suicide. Shortly after sending the letter Caligula was assassinated and the ship bearing the news of his demise arrived in the Holy Land before the ship bearing the suicide order. Petronius is to be commended for his courage, but he, in fact, was following in the footsteps of the Biblical prophet Daniel, who risked his life when he deliberately disobeyed the Persian emperor Darius' edict to pray only to him for 30 days. But in ancient times the most explicit statement of this doctrine actually came from the Roman Emperor Trajan (d. 117 AD), who handed his sword to a lesser official with the following instructions, "Use this sword against my enemies, if I give righteous commands; but if I give unrighteous commands, use it against me."

THE ENLIGHTENED- MISSION AND CONCEPT

The lesser magistrate doctrine declares that when the superior or higher civil authority makes unjust/immoral laws or decrees, the lesser or lower ranking civil authority has both a right and duty to refuse obedience to that superior authority. If necessary, the lesser authorities even have the right and obligation to actively resist the superior illegitimate authority.

The Magistrate is an ordinance of God for the honor to good works and a terror to evil works (Romans 13). Therefore when he begins to be a terror to good works and honor to evil, there is no longer in him, because he does thus, the ordinance of God, but the ordinance of the devil. And he who resists such works, does not resist the ordinance of God, but the ordinance of the devil.

THE ENLIGHTENED - ATTACHMENTS TEAM AMERICA

To win, we must join Team America. To begin to neighbor up, team up and train up, first sign up.

We have different skill sets in our various circles, and our circles span the societal spectrum, but all of our circles intersect. As our circles and intersections grow, so does our terrain. Together we will restore independence via our interdependence on one another and God!

We have doctors and dentists, soldiers and scientists, farmers and families, cops and CEOs. Some are poor, some are millionaires.

Our circles span the societal spectrum. Praying and training together day after day, week after week, month after month, year after year, for decades, builds intimate circles of extended family.

Our treasure is trust. Our riches are reliability. Our product is resiliency. What we offer can't be bought. It must be earned. What is earned can never be taken.

What is earned must be worked for.

Freedom is taken!

Very Respectfully,

Jeffrey Prather
Major, USA (Ret.)

Our Mission

We are a community of people who are tired of the fight between the left and the right. We are solution seekers who want to be involved but often feel lost between the polar extremes. We have seen what is possible when inspired people come together to make a difference and want to empower others to do the same. MOVCAC is designed to help citizens like you become engaged on a local level. We provide information, tools, and support to assist you in making your communities better. Whether you are new to civic engagement or just looking for more ways to get involved, we are here to help you understand and tackle the challenges in your community, both large and small.

*Where there is no vision, the people perish:
but he that keeps the law, happy is he.*

Statement from LTC (Ret.) Pete Chambers, MC, FS, SF

Understand this; we are in a fight for the survival of humanity. We need to rally behind a commonly understood set of operating procedures and goals; with an end state of destroying tyranny once and for all. The methodology I present works when a lesser force has been given a divine monumental task of defeating a much larger force and resources are limited in comparison yet more powerful because it's righteous.

See the following prospective "Operations Order" which typically follows a WARNO or Warning Order (A call to action). It is only a framework to hang initial preparation and LOE's (Lines of Effort). The supposition is that each individual "operator" in each field of expertise run with his/her area of operations and develops the situation on the ground then brings back how change was effected, After action reporting is key critical that we all understand the COP – Common Operating Picture and how we can best assist one another with our efforts individually to become the FORCE MULTIPLIER this model was created to produce.

It is in the spirit of the "Truest Virtue of a Warrior" ... LOVE, that we shall prevail, only available through HIS grace.

Call to Action from LTC (Ret.) Pete Chambers, MC, FS, SF

To the People of America & All Peoples of the World, Fellow Citizens & compatriots-

We are besieged, by dark forces on all sides - We have sustained a continual Bioweapon Bombardment & Manipulation of truth for longer than we realized & we have lost too many - The enemy has demanded a surrender at discretion, otherwise, humanity, as we know it, is to be put to the sword if our efforts are thwarted. - We are answering the demand with JRVJH and ALCJCN while our flag still waves proudly from the walls - We shall never surrender or retreat. Then, I call on you in the name of Liberty, of patriotism & everything dear to the American character, to come to our aid, with all dispatch - The enemy is receiving reinforcements daily & will no doubt increase their tyrannical actions in days to come. If this call is neglected, We are determined to sustain ourselves as long as possible & die like a soldier who never forgets what is due to his own honor & that of his country - Victory or Death.

Peter Constantine Chambers, LTC Commanding
