

## Lakes Entrance

Melbourne Cup Week end 2008

A windy start with winds up around 35 Knots. The weather was up and down with fine days and a couple of days of rain. We did encounter one day of 28 degrees and had a swim at the cliff up on the river.

We explored the lake system including a cruise to Loch Sport for lunch at the hotel. The boats were moored in the marina for \$10 per boat for the day and we also felt welcome.

## *Club Cruise Report*

---

The next day we headed to Lakes Entrance where the boats were moored at the pier and a treat of Fish and Chips was had by all

In a rash moment we even contemplated heading out to sea but as the picture shows it was more comfortable to stay within the lakes system.

The Mitchell, Tambo and Nicholson Rivers were all great locations to cruise with a night spent in each

A spot of fishing was had with little luck due to the freshwater in the system from the rain

As usual the weather was terrific one our departing day and we made the most of it with the boats not being pulled out of the water till around 430pm, making it a late arrival home back in Melbourne.

Darren Cain.
