

Tippler's Beach cruise report

Cruiseleaders for the day were Craig and Cathy on the AquaBelle. After refueling at Horizon Shores Marina we meandered through the myriad of small islands. The weather was great; bit fresh, but sun was out, water was smooth and turquoise and we saw lots of beautiful spots and many birds.

We stopped for morning tea at this breathtaking spot called Jumpinpin Point. It was quite windy, so no rafting up, but we all anchored and enjoyed the warm sun rays and views before making our way to Tippler's Beach. Now this is what we came to QLD to see; beautiful waters, beach, palm trees and a nice café!!

Two tables had been reserved and we sat outside with a drink before lunch was served. Great food and extremely well organised.

To me, this was my favourite cruise. Just loved it
