Chairman Andrew Shirvell today issued the following statement:

“On behalf of the newly-formed **Florida Voice for the Unborn Political Action Committee (PAC)**, I am excited to announce that the PAC has endorsed **Byron Donalds**, the Republican nominee for Governor of Florida!”

Shirvell continued, “**Congressman Byron Donalds** is an outstanding pro-life champion who can be counted on to defend the rights of our unborn brothers and sisters, as evidenced by his exemplary voting record in both the United States House of Representatives and the Florida House of Representatives! Moreover, **Donalds’** selection last week of **former state Senator Bryan Avila (R – Miami-Dade County)** as his Lieutenant Governor running mate once again demonstrates that **Donalds** has sound judgment by choosing a fellow pro-life stalwart with an impeccable voting record.”

Shirvell further remarked, “**Florida Voice for the Unborn PAC** was officially registered with the state of Florida on August 4, 2026. Like other conservative organizations, **Florida Voice for the Unborn PAC** chose not to endorse any of the pro-life gubernatorial candidates during the recent Primary Election. However, this past August 18th, pro-life Republican Primary voters sent an unmistakable message when **Congressman Donalds** overwhelmingly won that election, defeating his closest competitor by more than twenty-two (22) points. It is now time for Florida’s vibrant

grassroots pro-life movement to unite in support of **Byron Donalds'** gubernatorial candidacy and help ensure that **Donalds** defeats his radical pro-abortion Democrat opponent."

Shirvell added, "**Florida Voice for the Unborn PAC** will work tirelessly over the next two months to promote **Byron Donalds'** candidacy by mobilizing grassroots pro-life advocates throughout the state. In the weeks ahead, we also plan to announce further candidate endorsements in other important electoral contests – and we will similarly seek to actively support those candidates, too."

Shirvell continued, "I was proud to vote for **Byron Donalds** in the Primary Election, joining pro-life champions like state Senator Erin Grall (R – Vero Beach) [in support](#) of a candidate who has the [full confidence](#) of President Donald Trump."

Shirvell concluded, "With the Primary Election in the rearview mirror, and with **Florida Voice for the Unborn PAC's** endorsement announcement today, I am confident that the overwhelming majority of Floridian grassroots pro-life advocates will end-up joining **Senator Grall, President Trump**, and me in enthusiastically voting for **Byron Donalds** in the upcoming General Election!"
