Chairman Andrew Shirvell today issued the following statement:

"**Florida Voice for the Unborn Political Action Committee (PAC)** proudly announces that **Florida Voice for the Unborn's** Board of Directors unanimously voted last week to endorse Miami-Dade's proven pro-life MAGA conservative **David Borrero** to succeed **Bryan Ávila** as the next state senator from District 39."

Shirvell continued, "In January 2024, **Rep. Borrero** filed a landmark bill that sought to expand pro-life protections for all of our unborn brothers and sisters, starting at the moment of conception. It took tremendous courage for **Rep. Borrero** to file **House Bill 1519**, because **Governor Ron DeSantis**, then-House Speaker **Paul Renner**, and the entire Republican and pro-life establishments were aligned against it, while grassroots pro-life advocates – led by **Florida Voice for the Unborn** – heavily lobbied for it."

Shirvell further remarked, "**David Borrero** was retaliated against for filing **House Bill 1519**. And now, over two years later, the Tallahassee Swamp is conspiring to rig the Republican Primary Election for Senate District 39 in favor of a Trump-hating RINO. **Borrero's** opponent, a fellow state representative, has shamefully referred to our President as a 'petulant child.' By contrast, **Borrero** was one of a handful of conservative Florida state legislators who unabashedly backed

President Donald Trump over **DeSantis** and **Trump's** other opponents in the 2024 GOP Presidential Primary."

Shirvell concluded, "I've gotten to know **David Borrero** personally over the last few years. **David** is a hard worker, unwavering Christian pro-life stalwart, and a winner! His **House Bill 1519** is the model legislation for a complete statutory ban on abortion in Florida, because it targets the predatory abortion industry and does not seek the mass incarceration of women, who genuine pro-lifers want to help and not persecute. **Florida Voice for the Unborn** is one-hundred percent confident that when **David Borrero** is elected the next state senator for District 39, the very first bill that he files will be legislation protecting unborn children from conception onward! Accordingly, **Borrero** has earned **Florida Voice for the Unborn PAC's** sole endorsement in this race. Furthermore, we respectfully request that **Governor DeSantis** stop dragging his feet and formally set a date for District 39's Special Primary and General Elections to fill the vacancy forthwith."
