

2024 Abortion till Birth Petition Amendment

(aka Amendment to Limit Government Interference with Abortion)

EmbraceLife911.org/2024-Abortion

Petition Summary: No law shall prohibit, penalize, delay, or **restrict abortion** before viability or when necessary to **protect the patient's health**, as determined by the **patient's healthcare provider**. This amendment does not change the Legislature's constitutional authority to **require notification** to a parent or guardian before a minor has an abortion.

TRUTH- This petition permits abortion till birth:

- 1.The absence of a specific timeframe or explicit monthly reference means that abortion can be performed up until the moment of birth.
- 2.What is a patient's health? Feeling stressed over being pregnant, feeling uncomfortable when pregnant, getting a cold, stubbing a toe
- 3.Removes parental consent. Notifications are sketchy at best... messaging to unconfirmed email address or phone number.
- 4.Healthcare provider is not a medical doctor. Dentist, health insurance administrator, chiropractor....
- 5.No minimum age... removes parental consent required for teens.
