Executive Director Andrew Shirvell today issued the following statement concerning the Florida Supreme Court's announcement to hold oral arguments next month in the case of *Advisory Opinion to the Attorney General re: Limiting Government Interference with Abortion*:

“**Florida Voice for the Unborn** welcomes [today's decision](#) by the Florida Supreme Court to hold oral arguments in the case that will likely determine if the Florida abortion industry's extreme proposed constitutional amendment will appear on the November 2024 General Election ballot. Since the launch of the pro-abortion constitutional amendment petition initiative last May, **Florida Voice for the Unborn** has taken the lead in slowing its momentum with our innovative, grassroots-driven ‘[Decline to Sign](#)’ campaign. Although the pro-abortion side now sadly appears to be in reach of the required petition-signature threshold, Florida's pro-life movement has an ace in the hole, with a conservative-dominated state Supreme Court that is empowered under Florida law to eliminate misleading proposed constitutional amendments such as the one proposed by the Florida abortion industry. On the morning of the oral arguments (February 7, 2024), **Florida Voice for the Unborn** will lead a grassroots pro-life rally and press conference on the steps of the Florida Supreme Court to make sure that the justices do not sacrifice Florida's unborn children on the altar of political convenience.”
