Executive Director Andrew Shirvell today issued the following statement regarding the favorable vote in the Florida Senate:

“Florida Voice for the Unborn thanks the Florida Senate for passing Senate Bill 404 (Parental Consent for Abortion), and, in particular, Republican Senator Kelli Stargel, who sponsored this commonsense, life-saving legislation.”

Shirvell continued, “The fact is, there is widespread bi-partisan support among the citizens of Florida for the involvement of parents in their minor child’s life-altering decisions. Parents are the ones who need to be involved – not the bloody merchants of death at Planned Parenthood! The legislation passed today will allow parents to help their minor daughter choose life when faced with an unexpected pregnancy.”

Shirvell concluded, “The Florida House of Representatives now needs to swiftly move ahead with passing parental consent for abortion, so that Governor Ron DeSantis can sign it into law. Unwarranted delays are unacceptable, as unborn children’s lives are at stake.”
