Executive Director Andrew Shirvell today issued the following statement regarding the release of the United States Supreme Court's opinion in *Dobbs v. Jackson Women's Health Organization*:

"Florida Voice for the Unborn gives thanks to the LORD that the U.S. Supreme Court has finally overturned *Roe v. Wade*, thereby returning to the states the rightful authority to once again completely prohibit abortion within their borders. This is an historic day for our nation and, in particular, the American pro-life movement. **Florida Voice for the Unborn** remains hopeful that Governor Ron DeSantis will indeed heed **Florida Voice for the Unborn's** request for an immediate Special Legislative Session to consider a complete statutory ban on all abortions in Florida. Governor DeSantis and the Legislature cannot continue to be held hostage by what our state courts may or may not do. The Florida Supreme Court – like the U.S. Supreme Court – has moved in a much more conservative direction recently and is likely to eventually correct its misinterpretation of the Florida constitution so that Florida can thoroughly prohibit abortion. NOW is the time for Governor DeSantis and the Legislature to act so that a full statutory ban is in place while any litigation in the state courts plays out."
