Dear Friend of the Unborn:

Florida Voice for the Unborn is looking for volunteers!

First, we are searching for local activists to serve as **Grassroots County Captains**. Second, we need **Florida Voice for the Unborn Grassroots Ambassadors**.

Florida has a total of 67 counties. The population of these individual counties ranges from just under 8,400 people in Liberty County (in the panhandle) to over 2.7 million residents of Miami-Dade County.

A **Grassroots County Captain** is Florida Voice for the Unborn's point-person in that particular county. For the larger counties, we could use several captains!

As a captain, you will have an opportunity to take part in occasional conference calls with other Grassroots County Captains throughout the state in our combined efforts to build grassroots support for local and state pro-life legislation.

In terms of **Florida Voice for the Unborn Grassroots Ambassadors**, we are looking for individuals who are active in church, political, or civic engagement organizations. As an ambassador, you would simply help promote Florida Voice for the Unborn to like-minded individuals within your own established networks. For example, if you are a member of the pro-life committee/ministry within your church, you can talk to fellow committee/ministry members about signing-up for Florida Voice for the Unborn's e-mail list. Likewise, if you are a member of a local Republican Club/Executive Committee or Tea Party group, you can help distribute our literature at meetings. If you are a knight with the Knights of Columbus, you can help spread the word to fellow knights in your council/roundtable about pro-life legislation that Florida Voice for the Unborn is supporting.

It is important to remember that Florida Voice for the Unborn is a pro-life lobbying group that focuses exclusively on issues impacting the unborn, i.e. abortion, embryonic stem cell research, and cloning. In order to remain laser-focused on the plight of the unborn, we leave it to other organizations to do battle on other pro-life and pro-family issues. Our work is guided by faith in God's only Son, Jesus Christ. We seek to attract the support of all Christians as well as other persons of good will, while operating entirely independent from any church or other organization.

Furthermore, Florida Voice for the Unborn does not engage in electoral politics. We are a Florida non-profit corporation (not a political action committee). As I have stated before, the real need here in Florida is effective lobbying of our pro-life elected officials – and that is why we need your help!

Ultimately, the amount of your engagement as either a **Grassroots County Captain** or as a **Florida Voice for the Unborn Grassroots Ambassador** is entirely up to you! As a new grassroots lobbying group based in Tallahassee, we require the strong support of individual grassroots activists throughout Florida in order to build upon our successes from the 2020 Legislative Session!

If you feel called to serve as a **Grassroots County Captain** or as a **Florida Voice for the Unborn Grassroots Ambassador**, please simply reply to this e-mail with your preference, full name, and contact information (especially your county of residence). Alternatively, you may sign-up via our website by clicking [HERE](#). Either way, once you sign-up, I will be in touch with you in the coming days.

Thank you for your willingness to consider serving Florida's unborn in a new, exciting capacity!

Together let's continue to be a LOUD voice for our voiceless unborn brothers and sisters! [DONATE HERE](#).

For Their Lives,

Andrew Shirvell, J.D.
