Executive Director Andrew Shirvell tonight issued the following statement regarding Florida voters' historic rejection of the abortion industry's attempt to enshrine an explicit "right" to abortion in our state Constitution:

"Florida Voice for the Unborn is deeply grateful that the LORD heard the prayers of His faithful and that pro-abortion Amendment 4 fell well short of the 60% threshold needed for passage. This historic victory was ensured by the outstanding hard work and sheer determination of Florida's authentic grassroots pro-life movement."

Shirvell continued, **"Florida Voice for the Unborn** has been on the front-lines of this epic fight from the very beginning when the abortion industry launched its evil petition-gathering efforts in early May 2023. Through **Florida Voice for the Unborn's** 2023 and 2024 *Dobbs* Day events, we were able to organize grassroots opposition by initiating the state's first and foremost **'Decline to Sign Campaign'** and this year's **'Precinct-Level Vote NO on #4 Campaign,'** the latter of which was centered on contacting registered Republican voters who were highly likely to vote in this year's General Election. Throughout the state, our precinct captains and other faithful volunteers distributed the vast majority of our **60,000 unique and highly effective palm cards and door-hangers**, which featured **President Donald Trump's** opposition to Amendment 4 and Vice President **Kamala Harris'** support for it. In the closing weeks of the campaign, **Florida Voice for the Unborn** also conducted mass mailings, sending our lit pieces to thousands of highly-engaged Republican voters in key precincts."

Shirvell further remarked, "Over the last four months, **Florida Voice for the Unborn** has also sold hundreds of our signature **'Vote NO on #4 in Fall '24' t-shirts** to grassroots pro-life

advocates everywhere in Florida. Furthermore, **Florida Voice for the Unborn** was able to contribute to the overall effort to DEFEAT Amendment 4 by sponsoring a special [Florida Supreme Court Rally and Press Conference](#) earlier this year and by faithfully conducting monthly ‘virtual’ prayer gatherings since August 2023.”

Shirvell continued, “I am very proud of **Florida Voice for the Unborn’s** supporters, who have worked so hard to persuade others to vote NO on Amendment 4 by relentlessly canvassing door-to-door, at early voting sites (both during the Primary and General Elections), and at events, beginning in July! Tonight’s historic electoral results prove that **Florida Voice for the Unborn’s** carefully crafted strategy, which targeted Republican voters, was extremely successful. **Florida Voice for the Unborn** accomplished what we set out to do! Most importantly, we did it with integrity and acted as an authentic voice for ALL of God’s unborn children.”

Shirvell concluded, “**Florida Voice for the Unborn** is exceedingly pleased that **Governor Ron DeSantis** and the **Republican Party of Florida** finally stepped-up to the plate and took a long-awaited firm stance in support of Florida’s unborn children during the campaign to defeat Amendment 4. With the Florida abortion industry in full retreat, now is the time to build upon Florida’s Heartbeat Protection Law and end the killing of Florida’s preborn children once and for all. The only realistic way to ensure that Florida becomes totally abortion-free is for the Legislature to pass complete legal protections for unborn children, from the moment of conception. Accordingly, **Florida Voice for the Unborn** renews our call for **Governor DeSantis** to press the Legislature to enact such protections during next year’s Legislative Session.”

Florida Voice for the Unborn is a Tallahassee-based grassroots lobbying group that only focuses on pro-life issues impacting the unborn. It is strictly independent, and its work is guided by faith in God’s only Son, Jesus Christ. **Florida Voice for the Unborn** supports all peaceful efforts by elected officials and others to end abortion and save lives.
