

Alpha 20C—Food for the Immune (Defense)

- Sunrider’s proprietary formula is based on 3000 years of herbal study and cutting-edge technology
- Alpha 20-C Is the Immune System food found in Quinary
- This food nourishes the immune system through the bone marrow, liver and adrenals

Alpha 20C get its name from what it promotes: T Cells (the 20th letter of the alphabet being “T” and “C” standing for cells)

In ancient China, a similar formula was used to

- Build a healthy immune system, whether it is overactive or underactive
- Strengthen the T-cells that are important in
 - 1) Fighting infections and
 - 2) Controlling the growth of dangerous and destructive, extraneous cells, such as in cysts and tumors
- Detoxify the body and helps expel fever and illness
- Reduce vulnerability to viral and bacterial infections, as well as parasites and yeast overgrowth
- Govern the body’s resilience, adaptability and it’s ability to “fight”
- Promote a strong immune response to environmental attacks

Major organs fed: Liver, gallbladder, ovaries, testes

Balanced Emotional Response: Ability to plan & decision making **Imbalanced Emotional Response:** Anger, irritability & depression

ENJOY: Has a delicious “mocha” taste, and can be eaten as is, or added to any Sunrider food. Available in capsules, powder packets (1pkg = 10 capsules)
