10 Reasons Why We All Love Kandesn.

1. **The Owners of Sunrider International are experts** in Quality Control, Purity, Safety, and effectiveness! Dr. Te Fu Chen, a World-Renowned Herbalist, and Dr. Oi Lin Chen, a Medical Doctor, lead a team of research scientists who provide the world's premier Skin Care products.
2. **Each product's foundation is the Philosophy of Regeneration**, which signifies that with proper nourishment, the body inherently reacts with renewed youthfulness and beauty. Kandesn products provide the perfect nourishment to cleanse, balance, and nurture our largest organ—the skin.
3. **Kandesn's exclusive formulations Do Not Contain: 5 popular Pore clogging ingredients:**
 1. Rendered animal fats and oils
 2. Lanolin (sheep's sweat)
 3. Petroleum by-products
 4. Mineral oils
 5. Essential minerals (rock dust).These substances can clog pores, leading to the accumulation of millions of dead cells, uric acid, and other impurities in the body. This buildup may cause premature aging, thick or heavy skin, thin skin, dehydration, blemishes, blackheads, wrinkles, oily and dry skin, or combinations of these issues.
4. **Kandesn's exclusive formulations feature superior natural ingredients**, including plant-derived squalane, a natural component in human skin sourced from extra virgin olive oil. Uniquely, Sunrider uses squalane as its primary moisturizing agent instead of rendered animal or petroleum products. Kandesn oils are designed to penetrate deeply into the skin. Rather than relying on trendy, profit-driven additives, Kandesn's ingredients consist of carefully selected and uniquely formulated emollients combined with plant-based extracts that rejuvenate the skin.
5. **All Kandesn products are formulated to match the skin's acidic pH mantle, which ranges from 4.5 to 5.6.** Most products on the market are too alkaline, stripping away this protective acidic layer and resulting in dry skin that resembles dehydrated raisins, as well as blemishes, rashes, infections, fine lines, and wrinkles.
6. **Kandesn is excellent for all skin types and helps** restore balance for both oily and dry skin.
7. **Kandesn is highly concentrated;** only a small amount is needed, making it very cost-effective.
8. **Kandesn offers a comprehensive selection of products. Kandesn has everything you need!**
9. **All products sold in the U.S. are made in the USA and are never private-label items** from other companies. Kandesn's exclusive formulations provide the highest quality skincare products available worldwide today.
10. **SR offers a unique income opportunity for IBOs who want** to share what they love. Word of mouth remains the best advertisement.
11. **Once you try Kandesn, you'll love how it feels and how you look.** You'll see why Kandesn is the choice of many makeup artists and movie stars, for whom appearance is their business. You can truly feel and look beautiful! ***Thank you, Drs. Chen. Thank you, Sunrider!***
