

This Collection is dedicated as a tribute to JW and Lois Emerson

Sprinting at 80 years for his “Hall of Fame” Induction Ceremony

With grateful hearts we acknowledge the tremendous time, effort, and energy given to benefit people across the globe by J. W. and Lois Emerson. Their energy, their knowledge of science and health, their love and care, all have worked together to bring wisdom, insight and help for the rebuilding of healthy bodies everywhere. J. W. 's career as a

football coach and Lois’s phenomenal recovery from long standing physical imbalances led to a great ministry of sharing the good news of Sunrider. Every phone call was received; every email was answered. Their home was open; meetings were given everywhere and for everyone. Thousands of lives across the globe have been transformed from the love and wisdom given from **JW and Lois Emerson**. —
