

VitaFruit—Concentrated Chinese Fruit Extracts...Repair Juice!

- **VitaFruit** is the live “nectar” concentrated juice from many exotic herbs, many picked in the wilds of western China.
- **LIFE FORCE:** Dr. Chen, in his brilliance and technological expertise, extracts and concentrates this herbal fruit juice while retaining its “life force” and its rich content of vitamins, minerals, and amino acids.
- **VitaFruit** contains thousands of phytonutrients that have yet to be discovered. It is formulated without added enzymes, preservatives, artificial sweeteners, or chemical isolates from raw whole foods.
- **VitaFruit** is naturally rich in whole-food antioxidants, Vitamins A and E, a stable C, hundreds of bioflavonoids, B-complex, minerals, 2000-3000 carotenoids, amino acids, and *live fruit enzymes*.
- **NO PRESERVATIVES:** To keep the incredible amounts of **VitaFruit** micro-nutrients stable at full value, without the addition of isolates or preservatives, Dr. Chen preserves this very concentrated product in a honey base.
- **ANTI-AGING:** Unlike vitamin pills, which provide only known antioxidants, **VitaFruit** provides known and hundreds of unknown antioxidant nutrients in balanced amounts - Antioxidants, natural tissue protectors, are known to slow down the aging process, assist the body in healing, and stop the body from progressing to debilitating diseases.) Thus, **VitaFruit** is very anti-aging
- **TISSUE REPAIR:** **VitaFruit** is not a synthesized chemical product created and manufactured by man. Its most outstanding work is doing tissue repair to the damage done to the cells by free radicals.
- **IMMUNE FOOD:** **VitaFruit** increases the army of white blood cells in your bloodstream, making it a great immune system food.
- **FACE LIFT:** **VitaFruit** significantly benefits the skin and helps restore luster, radiance, and softness to prematurely aging skin for a more youthful and healthy appearance. **VitaFruit** is part of **Rebuild Cream** and **Supreme Emulsion!**

Legend has it that Genghis Khan discovered new fruits while conquering Asia. When he was in Mongolia, he fed his soldiers a combination of these rare fruits and noticed they had more energy, could march longer, and could cope with the heat and humidity. Dr. Chen reintroduced these fruits to the world and named the product **VitaFruit**.

VitaFruit is an excellent replacement for canned and frozen juices, bottled drinks, and sodas. You may also put **It** in any cold beverage or smoothie of your choice. It adds a tasty new flavor to fruit salads, smoothies, or as a fruit topping. Never heat. This destroys the live bioflavonoids, Vitamin C, and antioxidants. Since **VitaFruit** supplies so many nutrients for healing, we consider it part of our Sunrider Basics.

“3 boxes for a month -- for a facelift...” Donna
