

## ***Bella—The Perfect Formula for Women Over 40!***

**Bella** means beautiful in Latin. **Bella** is designed to bring out the inner beauty as well as enhance the outer beauty of women, especially those over 40. Women over 40 often experience physical and emotional changes that may cause concern. With **Bella**, you don't have to worry about the effects of having to go through menopause or its aftermath. Dr. Chen's exclusive formula for women is super concentrated with natural herbal ingredients and does not have any added hormones. **Bella** contains herbs that work in conjunction with the body's natural processes. For example, Pueraria Root is one of the earliest and most important herbs used in Chinese medicine; recent studies verified its unique array of isoflavonoids such as pueraria, daidzein, and genistein. With **Bella**, you can look young and beautiful with soft, smooth skin. You can keep a gentle, loving disposition and be a strong, contemporary woman at the same time! **Bella** nourishes a younger feeling and looking body; it can help support possible weight loss from menopausal areas. With Dr. Chen's new ability to concentrate and enhance food formulas, the **Bella** formula, like the **Veros** formula for men, is 30 times more concentrated in its nourishing benefits. Therefore, one to two capsules a day is usually enough to make a big difference! **Bella** especially nourishes the endocrine and the immune systems. Since **Bella** also nourishes the liver and its functions, ladies should begin **Bella** with one capsule a day. Ideally, for maximum results, **Bella** should be eaten along with the Sunrider Basics and a "healthy" diet! **Bella** can help ladies keep happy and confident throughout a lifetime!

**Proprietary Blend:** Pueraria root; Barren wort leaf; Marsh parsley leaf; White cornel fruit; Red clover; Chinese Ginseng root; Dong Quai; Leek seed; Mongoliavine fruit; Boschniakia herb; Cnidium seed.

**Recommended:** Just one capsule twice a day and you can enjoy your life like a young woman.

## ***Beauty Pearl—Hormonal and Skin Food... Women Puberty to 40***

**Beauty Pearl** is named for its purpose and its appearance. The one-of-a-kind formulation is designed to nourish the skin from within, so you can stay young, look young and feel young. The concentrated herbal extracts are contained in a pearl-size pill for easy ingestion. **Beauty Pearl** promotes youthfulness and a positive attitude. It contains very assimilable calcium. **Beauty Pearl** is known to help balance hormonal mood swings, mid-life challenges, as well as acne and skin related problems. As with all Sunrider formulations, each ingredient in the **Beauty Pearl Supplement** is chosen for its special beneficial qualities; however, the way they are combined is what makes it and each Sunrider product exclusive. The exotic food herbs, extracts and special ingredients are:

- **Honey** is a natural sweetener, which has been used as an ingredient in skin-care and personal care products for centuries in both eastern and western cultures.
- **Korean Ginseng** is a regenerative food, especially to the hormonal system and reproductive organs. Some of the properties that have been attributed to ginseng include the ability to stimulate, regenerate, and soothe the body. Korean ginseng is very nourishing to the mind and nervous system. Chinese eat it for energy, strength and endurance. Panax Ginseng, also known as Asian, Chinese, or **Korean Ginseng**, has been used as a qi (vital essence) tonic in Chinese medicine for about 5,000 years to help stimulate as well as relax the body's systems. "*Panax*" is derived from the Greek word "*pan*" meaning "*all*" and "*akos*" meaning

“cure”. Panax Ginseng is the most powerful of the ginsengs. The roots were once dug from the wild but today such roots are rare and expensive, selling for thousands of dollars apiece. After 100 years of refinement of cultivation practices and seed selection, good quality cultivated roots are being produced. It helps improve your mental and physical wellbeing and strengthens your resistance to stress. This ginseng is often the choice for older folks (over 45). It is effective at improving memory and learning due to its neuromodulating action. Panax also helps prevent clotting, thereby helping reduce heart attack, stroke and many circulatory problems, like varicose veins. It helps regulate metabolic function and protects the metabolism against various toxins. In other words, it helps the body “adapt” to stress; hence, the label “adaptogen”. **Korean White Ginseng**, according to pharmacological research, strengthens general resistance, strengthens the actions of the heart, lowers blood sugar, improves digestion, lowers blood cholesterol, increases the good kind of cholesterol (HDL), inhibits allergies, as well as improves concentration, memory and work efficiency. **Korean White Ginseng** is very nourishing to the mind and the nervous system.<sup>1</sup> (Included in **Beauty Pearl Supplement** and **Energy Plus**.) Sunrider only uses the pure, unadulterated root powder. This is rare in the market, as most companies cut their herb formulas with rice powder.

- **Royal Jelly Extract** is the food of the queen bee that prolongs her life 30x that of the other bees. Royal jelly is considered perhaps the most complete food; proven to have healing and regenerative qualities. Benefits to the skin are a result of 18 amino acids (protein), pantothenic acid, B vitamins, and other minerals. Used in cosmetics, royal jelly extract is touted as a potent stimulator of the skin.
- **Chrysanthemum Flower** is very calming, anti-infection, and anti-inflammatory. It is also attributed with the ability to help soothe skin while having cell-nourishing properties. For attractive, healthy, new skin and emotional support, chew or swallow 1-2 **Beauty Pearls** every day.

**Ingredients:** Honey, Ginseng, Chrysanthemum Flower, Royal Jelly Extract.

Note: Even boys and male teens benefit from Beauty Pearl. We call them Macho Marbles
