

Fountain of Youth

“You must be drinking from the fountain of youth! What are you doing differently?”

The days following brought more comments and questions from friends... ***“You’re glowing!”***, ***“You look so healthy!”***, ***“How much weight have you lost?”***

That’s when I realized the regenerative health results I was experiencing first-hand from Sunrider Whole Foods were becoming visible to others! I was saying bye-bye to my digestive issues and losing weight and inches. I had enough energy to last all day and yet my mind was relaxed at night and ready for rest.

Let’s back up a little bit to the beginning...

It was a hot day in August and I was working with a friend outdoors. She insisted that I have a glass of iced tea (Cali mint tea with lemon fortune delight). As we continued to work in the hot sun I started to feel rejuvenated! I felt a wonderful calming energy that helped me finish the work.

Little did I know the glass of delicious Cali tea would lead to this wonderful healthy lifestyle for our family. It’s such a joy to share Sunrider and make a difference in the lives of others, while also adding income for our family.

***“Would you like to enjoy restored health and vitality too?
Give it a try.
You will be happy you did!”***
