

LIVE HEALTHY: Household & Laundry

SunBright SuperClean Two Superior Formulas that are Safe, Gentle, and Effective!

Both SuperClean products are a pH of 5.5, rather than high pH as in most cleaning products. **Therefore, this SuperClean is good for your skincare too!**

SunBright Laundry SuperClean suggested use is 1/2 capful per regular size load laundry (pre-treat stains for 5 min, rub, launder.) It is biodegradable, phosphate and ammonia free. It is not petroleum based, thus reducing irritations and allergic reactions. Powerful enzymes remove protein stains, grease and oil. Water conditioners clean and reduce calcium buildup. Natural oils and extracts deodorize leaving a clean fresh scent. Even diluted the concentrated ***SuperClean*** loses no cleaning power. Mix ***SuperClean*** with water, and then add clothes or pour on stains, soak and then wash. It has a nice fresh scent and is great for stains, while gentle on all your clothes!

SunBright Household SuperClean is a completely safe household cleaner that is pH matched to your skin, has antiseptic properties, softens the water, removes stains, accelerates grease and oil removal, promotes whitening, and makes all cleaning a snap! What more could you want? Extremely cost-effective—\$0.08 (1 teaspoon)—dilute accordingly. ***SunBright SuperClean*** is phosphate and ammonia free; non-corrosive and non-abrasive. Contains no environmental pollutants that can disturb the respiratory system; you'll love the smell! It is a genuine all-purpose cleaner for all your household jobs from stains to dishes to windows! So gentle and protective to the hands and still it really works! ***SuperClean*** is so concentrated – a little goes a long way! ***SuperClean*** is a huge value for the smart shopper! Its all-purpose nature makes it perfect for all household tasks.

SunSmile Fruit and Vegetable Rinse is compatible with ***SuperClean*** and the combination makes a great team for deodorizing and for rinsing away bacteria from those cleaning jobs in the home. Add a capful of ***SunSmile Fruit and Vegetable Rinse*** to a bucket of ***SuperClean*** and water for household disinfecting. Safe, effective and cost-efficient are great reasons to replace all of your cleaning products with ***SuperClean and Fruit and Vegetable Rinse***.

- Five drops can be enough in a spray bottle for the *windows*.
- 1 capful (small bottle) or 1/2 capful (large bottle) to 22 oz. water for *car wash, carpet, floors, leather, woodwork, countertops, windows, stainless steel, dish washing, etc.*
- Up to 100% for *carpet spots* (let set 10 minutes, wipe with damp cloth or sponge), *stain/spot removal* (let sit 10 minutes, rub, rinse, repeat if necessary) on *ketchup, ink, chocolate, fruit juice, blood, lipstick, oil stains, drains, ovens, grills, shoe polish or scuff, permanent marker, etc.*

SunBright Bleach—Non-chlorine Bleach, Environmentally Friendly

It smells better than regular bleach and works wonders as a whitening agent. The oxygenated bleach is color safe, unlike chlorine bleach.
