

James and I Welcome you to our Sunrider Family!

There's never been a better time to build up our health and live abundant lives of gratitude without fear.

We are so very thankful for Sunriders' simple yet profound "**Philosophy Of Regeneration**" if we Nourish + Cleanse our bodies with ENOUGH of the RIGHT KINDS of WHOLE FOODS, our bodies have the ability to gain and maintain excellent health. Sunrider gives us that concentration of a wide variety of whole live herbal foods that actually repel disease and give our bodies the tools to regenerate and also slow down that degeneration process. ***What a treasure for all time and especially needed today.***

I'll ever be grateful, 30 years ago, someone dear to me shared Sunrider and it turned my very hormonally out of balance body into one with great health, without hormone replacement and avoided a life of struggle and perhaps a marriage failure. Also, Sunrider has given us a remarkable miracle story of what Sunrider has and continues to do for our youngest son, see attachment along with many more stories from our Sunriders. Someone sharing changed our family, what a gift!

Your home can also become a Sunrider home, by simply **REPLACING** products that *you already use* with top quality, life saving, life-giving choices. Sunrider has 7 lines and we LOVE them all. We're so blessed to have just about everything the body needs to have excellent health in one- stop shopping. Sunrider is our Health Assurance and life-giving vitality!
