

Action Caps— Energy...For Digestion and Fat Transformation...Breaks Down The Fat!

- Processes Proteins and Fats: An ephedra-free, high-performance formula of herbal concentrates that supports the body's ability to digest and process dietary fats (metabolism).
- Increases Metabolism: The faster your metabolism, the more efficiently your body processes food and burns calories.
- Moves Out Stored Fat: Action Caps also assist the body in mobilizing existing stored fat in the cells, allowing it to be burned in the muscles and utilized for energy.
- Helps Alleviate Hunger and Fatigue: Drinking Fortune Delight when taking Action Caps is very important.

Enjoy the Benefits:

Action Caps are the fat movers, while Fortune Delight is the fat flusher. Action Caps initiate the cleansing of fat from the body and promote elimination. Maintain your weight with Action Caps! They are perfect to consume before exercising or energize you throughout the day! Take Action Caps after meals high in fat or if you experience indigestion. They're also great for enhancing mental alertness and providing calm energy.

To avoid overwhelming your elimination system with fat and toxins, start slowly. Eat 1 to 6 capsules 15 minutes before each meal or consume a few as part of your morning pick-me-up.

Ingredients: Camellia Leaf, Tora Seed, Akebia Stem, Alisma Root Extract, Chinese Lovage, Bai Zhu Root, Siler, Magnolia Flower.

"No longer afraid I'm not digesting fats and proteins..." - Sonya
