  - Gentlemen field-testing this product say their circulation, stamina, cholesterol levels, muscular strength, skin tone, and, yes, romantic lives have markedly improved! This is in contrast to Viagra, which creates a “one-way street” of blood flow.
  - **Veros** encourages a healthy blood pressure and a strong heart so it can pump more blood.
  - The muscles are fed throughout the body. **Veros** is also designed to increase mental and physical capacity for exercise.

  - **Sunrider’s** superior research and development matches the ingredients for consistent, optimal results.<sup>1</sup>
