## FAMILY EYECARE

### Post-Concussion Eye Follow-up

#### ***Before your appointment***

Make sure you have filled any glasses prescription that your doctor recommended. We want our patients to have worn their new correction for at least 2 weeks before returning for their follow-up appointment.

#### ***During your appointment***

Your appointment may last **between 45-90 minutes**, depending on your symptoms.

- Vision check with any new glasses
- Repeat any testing that showed issues at initial appointment
  - Example: Repeated Visual Field or RightEye Analyzer
- Dilation- Checks internal eye health
  - Side effects are temporary and include blurry near vision and light sensitivity
  - Typically lasts 4-6 hours

#### ***After your appointment***

At the end of the evaluation, Dr. Erker or Brammer will:

- Review findings of testing performed
- Explain how your results reflect your current stage of recovery
- Discuss your new treatment plan
- Schedule your follow-up appointment, time frame depends on progress made

#### ***Payment Options***

For information regarding insurance, self-pay, etc. please see original concussion guide.

Follow-up Appointment: ~\$100 - \$450, Averaging ~\$220

#### ***Cancellation & No-Show Policy***

Please remember, we ask for advanced notice if you need to reschedule. Please note our current no-show/late cancellation fee is **\$25**.

**Every concussion is different and improvement is common with the right support.** We look forward to taking care of you and your eyes during this challenging time.

Please call our office **816-888-5400** with any additional questions.
