MESSAGE

Having worked for almost four years with some of the top notch event agencies of India, there was always a zeal in me to do something of my own and with the blessings of god, my parents & some well-wishers, I started JBSemg in the year 2007 with our first event - a dealer meet for Philips & then for Godrej. From managing small BTL activities during my job to successfully managing national level dealer meets, conferences, auditions for many corporates & agencies, then there was no looking back. All this is because of the hard work & support extended by our vendors, artists and not to forget the dedicated team of JBSemg. It has been an exciting journey working with so many amazing companies, event professionals, celebrities & artists.

Sustaining good relations with the clients in this industry is only possible if you are delivering your services timely & of the best quality; which is our core strength.

We look forward to work for you and deliver best of our services.

Managing Director
