

Introducing **RemConex** Video Creator Platform

‘A Lasting Tribute to Cherished Memories’

We're honored to present 'RemConex' a heartfelt way to honour and cherish the memory of your loved one. With RemConex, you can create a touching 30-minute memorial video, blending beautiful landscapes, soothing music, and up to 15 personal photos and video messages. Each experience is available for just £49, providing nearly 40% discount, and includes a downloadable video file, making it simple to share cherished memories with everyone.

Preserving the Connection to Family, Friends, and Memories

RemConex combines cherished photos and videos to preserve the essence of your loved one's life and memories. Family and friends can contribute photos and video messages whenever they want, no matter where they are.

**For an ideal viewing experience, please try and keep video clips under one minute.*

Bringing Treasured Memories to Life with AI Technology

The RemConex AI image software enhances old black-and-white photos, adding gentle colour to precious memories. Simply upload a photo, and our technology will restore it to new vibrancy, honouring the moments you hold dear.

**While we strive to restore black-and-white images to the best of our abilities, it's important to note that current technology has limitations. The outcome depends on the quality of the image file uploaded. You will get the opportunity to review and choose if you want to use the enhanced version or not.*

Creating a Calming Tribute with Soothing Music

Celebrate your loved one's memory with a personalised video, set to soothing music. Simply gather the photos and video messages you'd like to include, upload them to RemConex, and let our platform weave a beautiful tribute, blending your memories with breathtaking landscapes.

Just Gather, Upload, and Let RemConex do the Rest

We recommend gathering your 15 files onto your computer or other digital device, so you're all set to go. Then, just follow the easy, step-by-step guide on the platform and upload your photos and videos. Once they're uploaded, the platform takes care of everything for you.

Make it the perfect gift for an additional £29

For an additional £29, you can opt to have the video preloaded onto a USB device, packaged, and delivered for effortless plug-and-play use. Every purchase supports healthcare charities, making a positive impact.

Important: Use the website link or the code from the email attached to this brochure at checkout to secure your discounted rate.
